1. Introduction

1.1 Introduction to the Global Center on Adaptation (GCA)

The Global Center on Adaptation (GCA) is an international organization that works as a solutions broker to catalyze action and support for adaptation solutions, from the international to the local, in partnership with the public and private sector, to ensure we learn from each other and work together for a climate resilient future. Adapting to impacts of climate change provides a “win-win” for livelihoods, food security, water supply, health, security, and economic growth. The work of the GCA elevates the visibility and political importance of climate adaptation and facilitates solutions, such as smarter investments, new technologies and better planning to become more resilient to climate related threats. GCA is a rapidly growing organization with offices in Abidjan, Beijing, Dhaka, Groningen, and Rotterdam.

The GCA’s ambitious 2020-2025 business plan and strategy have three pillars:

- Knowledge: Building adaptation knowledge globally through cutting edge products such as the State and Trends in Adaptation Report and the Adaptation Knowledge Portal.
- Advocacy and Awareness: Formulating policy messages to move the global, regional, and local adaptation agendas forward.

1.2 Introduction to the Locally Led Adaptation Program

The GCA recognizes the highly localized nature of climate impacts; the importance of local adaptation action; the potential and creativity of communities to develop locally appropriate and innovative solutions; the ownership benefits of locally led action; and the strong need for accountability to poor and marginalized communities affected by climate change. The GCA’s Global Hub on Locally Led Adaptation ((LLA) aims to address barriers to accelerating and scaling up LLA.

As part of the activities of the Global Hub, the GCA launched the Local Adaptation Champions Awards in 2022. The LAC Awards aim to spotlight and reward innovative, exemplary, inspiring, and scalable locally led efforts that address the impacts of climate change and build effective climate resilience among the most vulnerable communities, sections of society, and individuals who are at the frontlines of the greatest existential threat faced by humankind. They are open to any individual, organization or group of partners worldwide, who have implemented or are in the process of implementing climate change adaptation/resilience solutions that follow one or more of the eight LLA Principles.

Through the Awards, GCA aims to:
- Recognize and spotlight the critical role of LLA in resilience building.
- Identify best practices and learn from locally led efforts.
- Nurture and support replication/scaling up of successful and innovative LLA efforts, by creating opportunities for peer-to-peer sharing of knowledge, learning, and experiences across borders; identifying opportunities for scaling up; and brokering partnerships.
- Contribute to ongoing LLA efforts through cash awards.
1.3 Introduction to this Request for Proposals

1.3.1 Purpose of this Request for Proposals (RFP)

GCA is launching this RFP to solicit competitive proposals and select a Service Provider to enter into a Framework Agreement. The selection process aims to ensure that the final selected Service Provider is of the highest caliber professionally, technically and ethically to implement and execute the necessary services.

Procurement agency and contact information

This RFP is issued by the Global Center on Adaptation (GCA), Wilhelminakade 149C, 3072 AP Rotterdam, The Netherlands. The Global Center on Adaptation (GCA) is registered as a Foundation with the Dutch Chamber of Commerce under registration number 76050475.

Disclaimer

This RFP does not oblige the Global Center on Adaptation to award a contract or complete the project and the Global Center on Adaptation reserves the right to cancel the solicitation if it is considered to be in its best interest.

Eligibility of potential vendors

This tender is open to organizations worldwide. We welcome any interested parties to submit a proposal according to the details for eligibility presented in this document.

1.3.2 Information about the Framework Agreement

GCA intends to enter into a Framework Agreement for the Management of the Local Adaptation Champions Awards with the terms of reference (TOR) outlined in the Annexes contained in this Solicitation Document, as required from time to time during the term of the Framework Agreement. The GCA will not be obliged/committed to purchase any minimum quantity of these services, and GCA shall not be liable for any cost in the event that no purchases are made under any resulting Framework Agreement.

The proposed Framework Agreement shall be valid for an initial term of one (1) year from contract signature, renewable subject to performance, availability of funds and mutual agreement of both the GCA and the Consultant/Contractor.

The maximum financial envelope for the required period of services during the entire Framework Agreement period referred to herein, is estimated at EUR600,000 (Six Hundred Thousand Euros). Individual Work Orders will be issued using the fixed Framework Agreement prices, under the terms and conditions of the Framework Agreement.

The services described in this Request for Proposals will operate and be implemented on an on-demand basis as and when required, within the terms and conditions of the Framework Agreement.

Under the provisions of this Request for Proposals, it is also highlighted that a Framework Agreement is not in itself a commitment to procure services. Purchases will be made against Work Orders to be issued by the GCA in accordance with the terms and conditions of any resulting Framework Agreement. Actual quantities to be purchased will vary from Work Order to Work Order.
Any quantities outlined in this Solicitation Document are an estimated forecast of the total requirement for the duration of the Framework Agreement, if so specified, an estimated forecast for the annual requirement. Any estimates are provided in good faith and shall not in any way be deemed to be a commitment on the part of GCA regarding any quantity for future purchases.

This Solicitation Document shall not be construed as an offer capable of being accepted or as creating any contractual, other legal rights. No binding Contract, or other understanding or arrangement, will exist between the Bidder and GCA and nothing in or in connection with this Solicitation Document shall give rise to any liability on the part of GCA unless and until a Framework Agreement and linked Work Order is signed by GCA and the successful Bidder.

There will be no legal/contractual obligation for GGA to procure any minimum value of services during the duration of the Framework Agreement or issue any minimum number of Work Orders during the term/duration of the Framework Agreement with the Service Provider(s).

The draft Framework Agreement including the GCA’s contractual terms and conditions is included as an Annex to this RFP. The GCA will not make any changes to the Framework Agreement after the deadline for submission of proposals. Bidders are invited to submit any clarification request regarding the draft Framework Agreement before the closing date for clarifications (refer to paragraph 2.5 of the RFP). Submission of a proposal implies acceptance of the conditions stipulated in this Request for Proposal and the attached Draft Framework Agreement. These conditions will bind the Bidder to whom the contract is awarded for the performance of the contract.

### 1.3.3 Indicative Procedure Timetable

The timetable for the procurement process presented below is indicative and, while GCA does not intend to depart from the timetable, it reserves the right to do so at any time respecting the GCA/EU/Donor Procurement Regulations.

### 2. Submission and Opening of Proposals

#### 2.1 Submission of the Proposal

If you are interested in participating in this Request for Proposal, you are requested to submit your proposal to the link: [GCA-PR-24-444 - Submit Proposal](#) no later than **22 March 2024, 16:00:00 hours (04:00:00 p.m. o’clock), Central European Time (CET)** (hereinafter referred to as “the closing date and time”).
Bidders are cautioned that the timing of submission is based on when the proposal is received by the GCA, not when a proposal is submitted by a bidder. As transmission can be delayed due to file transfer size, transmission speed or other technical factors, bidders should plan to submit proposals well in advance of the Submission Deadline to avoid submitting late due to technical issues. Bidders submitting near the Submission Deadline do so at their own risk.

Proposals received after the closing date and time will be rejected. GCA will confirm receipt of proposals within 24 hours from the closing date and time. Bidders that do not receive this confirmation must contact GCA within 48 hours from the closing date and time. After 48 hours from the closing date and time, GCA shall not respond to any queries related to whether a bidder’s proposal was received.

Your proposal and all supporting documents must be uploaded to the link GCA-PR-24-444 - Submit Proposal in PDF format before the closing date and time stipulated above. Submissions requesting GCA to click on links to download documents shall not be accepted.

When uploading the Proposal, the first and last name must be the name of the organization submitting the Proposal as shown in the screenshot below.

• All financial information must ONLY be included in the Financial Proposal. No Financial proposals, quotes or any other related financial information should appear in the Technical Proposal.
• Proposals which do not comply with these requirements, e.g. combining the financial and technical proposals in one submission or submitted in any way, other than outlined above, will be rejected.
• In case of a joint proposal, all the partners (except the lead partner) shall submit a power of attorney, signed by an authorized representative of each partner, designating the lead partner to represent them and to sign the contract on their behalf in relation to this Request for Proposals.

Late submissions shall be rejected. Non-compliance with the above requirements regarding the presentation of the RFP may lead to the exclusion from the RFP process for this contract.

2.3 Signature of the Proposal

The signature of the authorized representative of the Bidder (single Bidder or lead partner in case of a joint proposal) in Annex 1 will be considered as the signature of the proposal, binding the Bidder to the terms included in the proposal.

2.4 Validity of the Proposal

GCA shall endeavor to conclude the RFP process within the validity period of the RFP. If, however, there are any circumstances that require GCA to request for validity extension from bidders, GCA shall do so in writing. Bidders have the right to accept or reject the request. In the latter case, the bidder’s proposal shall not be evaluated.

2.5 Communication during the Tendering Process

The point of contact for all questions or requests for additional information is procurement@gca.org. All contact with personnel employed by the Global Center on Adaptation with respect to this RFP is prohibited, except for messages to the above email address. Improper contact may constitute grounds for rejection of your proposal. All inquiries regarding this RFP must be submitted in writing. Interest to bid and questions shall be sent to the above email address before the date mentioned in the timeline and must be labelled “Clarification Request - GCA-PR-24-444 - Management of the Local Adaptation Champions Awards”. Each inquiry must include the inquirer’s name, firm and telephone number. The Global Center on Adaptation will share the answers to all questions of a reasonable nature with all the parties that have expressed their interest.

Clarifications by GCA will be communicated, in a suitably anonymous form, to all bidders on the GCA website and/or by email. No approach of any kind in connection with this request for proposal should be made to any other person within, or associated with, GCA. Failure to adhere to this requirement may result in exclusion from this Request for Proposals. Please note that GCA will not enter a detailed discussion on the requested services at this stage.
The closing date for clarifications concerning this Request for Proposal is **12 March 2024, 16:00:00 hours (04:00:00 p.m. o’clock), Central European Time (CET)**. Bidders are cautioned that the timing of submitting a clarification is based on when the proposal is received by the GCA, not when a clarification is submitted by a bidder. As transmission can be delayed due to file transfer size, transmission speed or other technical factors, bidders should plan to submit clarifications well in advance of the clarification Deadline to avoid submitting late due to technical issues. Bidders submitting near the clarification Deadline do so at their own risk.

All clarifications from each bidder must be placed in one consolidated request.

### 2.6 Bid Opening and Evaluation of Proposals

The proposals received will be opened strictly by the Evaluation Committee/Procurement Officials, in line with the Bid opening schedule as indicated in Section 1.3.3. The evaluation of proposals will follow the procedure described in Section 5.

### 2.7 Proposal Presentations and Interviews

GCA may request all Bidders who have passed the Selection Criteria stated in Section 5.2 of this Request for Proposal to present their proposals to the GCA Evaluation Committee by video link or online meeting. Further details will be communicated to invited short-listed Bidders closer to the time if required by GCA.

### 3. Scope of Services

Within the current Request for Proposal, bidders are requested to provide a comprehensive response to GCA’s requirements, in the “Technical Section” of their submission (see the section related to the Content of the Proposal), to demonstrate their understanding of GCA’s work and their technical capacity to implement the activities outlined in the Scope of Work/Terms of Reference (Annex 3).

The Scope of Work/Terms of Reference presented in Annex 3 is then to be fulfilled only within the Framework Agreement, each assignment being awarded to a bidder(s) via a Work Order without mini-competition or secondary bidding.

### 4. Joint Proposals and Subcontracting

An interested bidder may submit a proposal as a single entity or collaborate with other service providers to present a proposal either by submitting a joint proposal or through subcontracting. Proposals may also combine both approaches. The legal status and role of each legal entity shall be clearly described in the proposal, as well as the responsibilities of each entity in providing the services required by this RFP.

Joint proposals will be evaluated on a consolidated basis. Joint bidders/ventures must appoint a lead firm/organization and a point of contact authorized to act on their behalf in connection with the submission of the proposal and all relevant questions, clarification requests, notifications, etc. that may be received during the evaluation and award phases, and until signature of the contract.
In case of a joint proposal, all the partners (except the lead partner) shall submit a power of attorney, signed by an authorised representative of each partner, designating the lead partner to represent them and to sign the contract on their behalf in relation to this procurement.

If the joint proposal is successful, the GCA will sign the contract with the lead firm/organization, authorized by the other members to sign the contract on their behalf. All members of the joint proposal assume joint and several liability towards the GCA for the performance of the contract. Changes in the composition of the group after the proposal submission deadline and before the contract signature may lead to the rejection of the proposal except in case of a merger/takeover of a member of the group, in which case all Eligibility, Selection and Award Criteria must still be fulfilled by the new group.

5. Evaluation of Proposals and Bidders

The evaluation of bidders and proposals will be done in accordance with the following subsequent steps:

- Verification that the bidder fulfils the Exclusion Criteria in Section 5.1 and that it is not in one of the situations covered by the exclusion criteria listed in EU Directive 2014/24/EU.
- Verification that the bidder has the appropriate capacities to perform the contract based on the Selection Criteria described in Section 5.2 (only for those bidders that were not excluded based on the Exclusion Criteria).
- Evaluation of the bidder based on the Award Criteria described in Section 5.3 (only for those bidders that have met the Selection Criteria). Scoring for each Award Criterion will be conducted using the following scale:
  - Excellent
  - Good
  - Average
  - Below average
  - Poor
- The Evaluation Committee shall evaluate the technical proposals first and shall thereafter open and evaluate the financial proposals of only those bidders whose technical proposals meet the minimum technical score.
- Where individual scoring is adopted, the Evaluation Committee shall discuss scores where there are significant discrepancies prior to computing the average score for each criterion.
- During financial evaluation, where there is a discrepancy between the amounts in figures and in words, the amount in words shall govern. Where there is a discrepancy between the unit rate and the line-item total resulting from multiplying the unit rate by the quantity, the unit rate shall govern, unless in the opinion of the Evaluation Committee there is an obviously gross misplacement of the decimal point in the unit rate, in which case the line-item total shall govern, and the unit rate shall be corrected.

The proposal must comply with the GCA strategic requirements set in this RFP as a precondition to be assessed. In a case of non-compliance with the Exclusion Criteria, the bidder will be informed of the grounds for rejection without being given feedback on the content of the proposal other than on the non-compliant elements.
The evaluation of proposals shall be carried out by an Evaluation Committee made up of representatives of GCA. Any attempt by a bidder to influence the Evaluation Committee in the process of examination, clarification, evaluation, due diligence checks, etc., to obtain information on how the procedure is progressing or to influence GCA in its decision concerning the award of the contract, will result in the immediate rejection of the bidder’s proposal.

In the interest of transparency and equal treatment, without being able to modify their proposals, bidders may be required, at the sole written request of the Evaluation Committee (via Procurement), to provide clarifications within 48 hours. Requests for clarifications will only seek minor clarifications of information already submitted by the bidder. No modifications to a proposal can be sought or accepted through a request for clarification (except for the correction of arithmetical errors discovered during the evaluation of the proposal).

5.1 Exclusion Criteria

Participation in this Request for Proposal is open on equal terms to any natural and legal companies not in any of the situations listed in Article 57 of the EU Directive 2014/24/EU. Bidders shall provide a Declaration of Honor (see Annex 2), duly signed and dated, including a statement that they are not in any of the situations listed in Article 57 of EU Directive 2014/24/EU. In case of a joint proposal such declaration shall be submitted for each partner. The declaration shall also be submitted for the subcontractors, when relevant.

Besides the submission of the signed Declaration of Honor, the Bidder undertakes to inform GCA, without delay, of any changes to their situation in this regard.

Bidders may be excluded from participation in this Request for Proposal if they are found to be in one of the situations for exclusion or fail to submit the above-mentioned declaration.

5.2 Selection Criteria

Bidders will be evaluated against each Selection Criterion based on the documentary evidence submitted by the bidder. Failure to submit the evidence requested will lead to a rejection of the proposal. Bidders will be evaluated against the Selection Criteria on a pass/fail basis. Bidders who meet the Selection Criteria will be put on an equal footing for the next stage of the evaluation process based on the Award Criteria.

Bidders shall be evaluated against the following Selection Criteria:

(1) Professional and Legal Capacity
(2) Financial and Economic Standing
(3) Technical Standing

The bidders who do not meet all the Selection Criteria shall not proceed to the next evaluation stage and their proposals shall not be evaluated further based on the Award Criteria.

5.3 Award Criteria

Proposals will be rated on both technical and financial bases, using the best value for money approach. The selection method will choose the highest rated proposal using the combined scoring method, which assigns the weight distribution between the technical and financial proposals. The overall combined score will be 100 points, the weight distribution shall be 70 points for the technical proposal and 30 points for the financial proposals.

*It is important to note that the required Minimum Technical Score for the Technical Proposal is 60% (42 points). Only proposals obtaining the Minimum Technical Score or more in the Technical Evaluation will progress to the Financial Evaluation.*

Technical Proposals scoring less than the Minimum Technical Score will be considered of insufficient quality and shall be rejected. The contract shall be awarded to the top ranked bidder who submitted the most economically advantageous tender based on the best price quality ratio in accordance with the following criteria:

**Contract Award:** Bidder that obtains the highest combined technical and financial score

Scoring for each Award Criterion will be conducted using the following scale:
- Excellent
- Good
- Average = Minimum Technical Score
- Below Average
- Poor

Proposals scoring less than the Minimum Technical Score for any main technical award criterion (TC.1, TC.2, TC.3, etc.) will be considered of insufficient quality and shall be rejected.

For the purposes of the evaluation of the Financial Proposal, the bidder offering the lowest price shall receive the maximum total score of 30 points. The score of all other financial proposals will be calculated using the following formula:

\[
\text{Financial score} = (\text{Lowest bid/Current bid}) \times \text{Maximum points to be awarded}
\]

After careful scoring of each bidder’s proposal (technical and financial), GCA shall award the contract to the bidder that obtain the highest combined technical and financial score. The decision will be communicated by email to all bidders.

### 5.4 Content of the Technical Proposal

The assessment of the technical quality will be based on the ability of the Bidder to meet the purpose of the framework agreement and fulfill the Scope of Work/Terms of Reference (Annex 3). To this end, the Technical Proposal shall clearly contain the following information, to allow evaluation of their offer according to the technical award criteria stated in the Award Criteria (Section 5.3):

**Technical Proposal Appendixes:** should include at least the following mandatory requirements:
- Company profile including list of clients with contacts for obtaining a reference. The company could also include available reference letters.
• Summary table showcasing the reference projects and demonstrating the bidder’s technical, regional and sectorial experience relevant for the Scope of Work/Terms of Reference. For each project listed, the Technical proposal must clearly state at least the bidder’s contribution to the project, the project’s outcome, and which field of experience does the project illustrate.

Annex 3: Scope of Work/Terms of Reference

1. **Background Information**

The Global Center on Adaptation (GCA) is an international organization that works as a solutions broker to catalyze action and support for adaptation solutions, from the international to the local, in partnership with the public and private sector, to ensure we learn from each other and work together for a climate resilient future. Adapting to impacts of climate change provides a “win-win” for health, livelihoods, food security, water supply, human security, and economic growth. The work of the GCA elevates the visibility and political importance of climate adaptation and facilitates solutions, such as smarter investments, new technologies and better planning to become more resilient to climate-related threats. GCA is a rapidly growing organization with offices in Abidjan, Beijing, Dhaka, Groningen, and Rotterdam.

The GCA has an ambitious 2020-2025 business plan with three pillars:
- Programs and Action: Infrastructure and NBS, Water and Urban, Food Security, Locally Led Adaptation, Adaptation Finance, Jobs for Youth & Entrepreneurship and Youth Leadership & Education.
- Knowledge Acceleration: Building adaptation knowledge globally through cutting edge products such as the *State and Trends in Adaptation* reports and the GCA Knowledge Portal.
- Agenda Setting and Advocacy: Formulating policy messages to move the global, regional, and local adaptation agendas forward.

The GCA recognizes the highly localized nature of climate impacts; the importance of local adaptation action; the potential and creativity of communities to develop locally appropriate and innovative solutions; the ownership benefits of locally led action; and the strong need for accountability to poor and marginalized communities affected by climate change. The GCA’s Global Hub on Locally Led Adaptation (LLA) aims to address barriers to accelerating and scaling up LLA.

As part of the activities of the Global Hub, the GCA launched the Local Adaptation Champions Awards in 2022. The LAC Awards aim to spotlight and reward innovative, exemplary, inspiring, and scalable locally led efforts that address the impacts of climate change and build effective climate resilience among the most vulnerable communities, sections of society, and individuals who are at the frontlines of the greatest existential threat faced by humankind. They are open to any individual, organization or group of partners worldwide, who have implemented or are in the process of implementing climate change adaptation/resilience solutions that follow one or more of the eight LLA Principles.

Through the Awards, GCA aims to:
- Recognize and spotlight the critical role of LLA in resilience building.
- Identify best practices and learn from locally led efforts.
- Nurture and support replication/scaling up of successful and innovative LLA efforts, by creating opportunities for peer-to-peer sharing of knowledge, learning, and experiences across borders; identifying opportunities for scaling up; and brokering partnerships.
- Contribute to ongoing LLA efforts through cash awards.

ARTICLE 2

General
2.1 The present Agreement is given a framework character due to the fact that the project requires a high flexibility by GCA to detail work undertaken by the Contractor, but it will be filled with project tasks in the form of Work Orders with defined outputs and deliverables.

2.2 The Contractor will assume full professional responsibility for quality, quantity and schedule of the required work and outputs vis a vis GCA as a customer.

2.3 The Contractor undertakes, based on the GCA requirements as described in the Agreement, Scope of Services and individual Work Orders, and for the whole duration of the Contract:
2.3.1 to perform the work and services as per the Statement of Work and individual Work Orders;
2.3.2 to make available for these tasks the necessary personnel, material, equipment and facilities;

3.1 The work shall be performed in accordance with the specific Articles of this Agreement, its Annexes as well as with the applicable documents called out therein, applicable in whole, or in part, to the extent quoted or relevant, and all of which, in their latest agreed issue, are defined as the contractual baseline of the Agreement, and referred to either as such or as "Framework Agreement", or "Contract", unless otherwise expressly stated.

3.2 Within this contractual baseline, the order of precedence, in case of conflict or for the sake of interpretation, shall be:

Nature of the Framework Agreement
4.1 This Agreement does not constitute any specific project or contract and it does not constitute any obligation or commitment by either Party to enter into any subsequent contracts. It does not create any financial obligation on either Party towards the other Party other than through signed executed Work Orders.

4.2 Any activity for GCA (as set out in, and accordance with, the Statement of Work issued by GCA for the procurement of (PROCUREMENT TITLE), and the Contractor’s response thereto) in the areas of:
   4.2.1 (List type of Services)
   4.2.2

4.3 The Parties may negotiate and agree additional or alternative terms and conditions ("Specific Conditions") that will apply to specific Work Orders under this Agreement on a case-by-case basis. The detailed terms of Specific Conditions shall be laid down in the relevant Work Order.

ARTICLE 5
Price
5.1 The total maximum financial envelope for the required services during the entire Framework Agreement period referred to herein, is estimated at \textbf{(AMOUNT IN EURO)} The actual amount for each Service Provider will be determined by individual Work Orders, priced based on the detailed Scope of Services for each project. 5.2 The above amount shall be defined as the Limit of Liability of GCA.

5.3 This amount will become incrementally available for performance of tasks according to the Work Order procedure (see Clause 6). Each Work Order will be concluded on a firm fixed price Basis.

5.4 The cumulative amount of all Work Orders shall in no case exceed the amount of the Limit of Liability specified above.

To this end, GCA will prepare specific Terms of Reference/Scope of Work for the services to be performed and issue Work Orders using fixed prices stated in Annex 5 of this Agreement.

6.2 Upon mutual agreement between the Parties regarding the contents of the Work Order, including any potential Specific Conditions, the Work Order shall be formally executed by their duly authorized representatives.

6.3 GCA will issue a Work Order following the form given as Annex 1 hereto. Only upon signature of this Work Order by both Parties shall the Contractor be deemed authorized to perform the work. If, however, for urgency reasons, GCA decides to provide the Contractor with a preliminary authorization in writing to proceed with the work foreseen under a Work Order, such authorization (following the approval of GCA’s signatory of this Agreement and subject to availability of funds) will be binding for both Parties upon agreement on the work to be performed, the price to be paid and the schedule for the work.

6.4 Work under this Work Order procedure can be placed until the end of this Framework Agreement. GCA reserves the right to redirect work, at no cost impact, within specific Work Orders in the same area of work. The parties will agree the implementation of such a redirection.

ARTICLE 9

Standard of Performance

Any activity and deliverables provided by the Contractor shall meet agreed benchmarks, parameters and specifications and be suitable for their intended purpose. The Contractor undertakes to carry out the work defined under the present Agreement/specific Work Orders to the reasonable professional standards and in accordance with the latest state of the art as appropriate.
9.2 The Contractor shall carry out the works or services under each Work Order in accordance with applicable laws and regulations, permits and authorizations, and recognized up-to-date professional practices and standards.

9.7 Penalties for late delivery are not applicable unless specifically incorporated in a Work Order. Notwithstanding anything to the contrary in the Agreement or in the Works Order, the penalties for delay shall be limited to 10% of the value of the Work Order, and shall not be considered as the sole and exclusive remedy for late delivery.

ARTICLE 10
Duration and Termination
10.1 This Agreement shall commence on 22 January 2024 (hereinafter referred to as the “Effective Date”) and shall remain in effect until 22 January 2025, at which date it shall automatically terminate unless prolonged by the Parties in writing. It is renewable for a further one (1) year subject to performance and availability of funds, and its total duration may not exceed four (4) years.
10.2 Subject to the conditions laid down in Clause 6 (Work Order Procedure) of the present Agreement, the Agreement shall be deemed automatically extended to cover the period needed for the performance of any Work Order signed by both Parties before the end date of the contract mentioned above.

10.3 GCA may, in its sole discretion, terminate this Agreement at any time by 3 (three) months written notice to the Contractor. As soon as this notice is received, the Contractor shall do its best efforts to minimize expenditure related to this Agreement or any Work Order under it.

10.4 Each Party may terminate this Agreement if the other Party is in material breach of its obligations under this Agreement or any Work Orders and fails to rectify such breach within 30 days of a notice in writing from the complaining Party, or if the other Party should enter into liquidation, or become insolvent or be declared bankrupt.

10.5 Upon any termination of this Agreement, the Contractor shall promptly deliver to GCA all documents and other information prepared or received in connection with this Agreement or any Work Order, whether completed or in progress, which are in the Contractor’s possession.

10.6 Notwithstanding termination of this Agreement in accordance with Clauses 10.2 and 10.3 above, on-going Work Orders shall continue to bind the Parties in regard of the provisions of the corresponding Work, except where the breach also represents a breach of that Work Order or adversely affects its execution.

10.7 Termination of this Agreement shall not affect the rights and obligations of the Parties under Clauses 4 and 7 of this Agreement or under any other clauses of this Agreement or the Work Order which by their nature or by their express terms are intended to survive the termination of this Agreement, including Warranties, Indemnification, Confidentiality and Intellectual and Proprietary rights.

10.8 In the event of termination by GCA due to the fault of the Contractor, the GCA shall withhold and deduct from any payment to Contractor in the relevant Work Order the amount reasonably deemed necessary to complete the Services and deliver the Deliverables.

10.9 Unless otherwise specified in this Contract, on the termination of this Agreement for any reason, GCA shall be responsible for paying the part of the costs for deliverables and work that have been accepted by GCA up to and including the effective date of termination.

10.10 In addition to any statutory provisions pertaining to termination and in addition to each Party’s termination rights set forth elsewhere in this Agreement, in the cases below,
without judicial intervention or further notice of default, whole or partial termination of this Agreement shall be possible, with immediate effect, for:

10.10.1 Either Party, if the other Party has applied for a suspension of payment, or that other Party has been adjudicated bankrupt;

10.10.2 Either Party, if the other Party is prevented by force majeure from complying with its obligations wholly or in part for a period of three months or more;

10.10.3 Either Party, if the other Party discontinues its business operations;

10.10.4 GCA, if the Contractor, after a written demand from GCA allowing a reasonable time for compliance, still fails attributably to comply promptly, properly or at all with any obligation under this Agreement;

10.10.5 GCA, if one or more of the exclusion criteria mentioned in section I or section II of the signed Declaration on Honor becomes true for the Contractor.

ARTICLE 11

Right to the Results of Events

11.1 All rights, title and interest in and to any drawings, calculations, reports, models, articles, equipment, machines, prototypes and other documents and material of any nature and in any form or medium prepared and/or delivered by or on behalf of the Contractor to GCA in connection with this Agreement, regardless of the state of completion, as well as any copyright, design rights, patents and other intellectual property rights and know-how with respect thereto, shall, without any obligations of any kind further than the ones expressly stated in this Agreement, vest exclusively in GCA automatically and immediately upon their creation to the fullest extent permitted by law and GCA shall be the sole and unlimited owner thereof and of rights therein throughout the world forever. Accordingly, GCA shall have the exclusive right to use such drawings, documents and materials and intellectual property rights without restriction, including for the avoidance of doubt the right to make changes, further developments, licenses, transfers, copies and publications. GCA grants a non-exclusive and non-transferable user license for the Contractor to use such drawings, documents and material prepared and/or deliver to GCA, for which the Contractor needs to notify GCA. The Contractor shall however remain owner of his Pre-existing Intellectual Property Rights, and GCA shall be granted a license to use such Pre-existing Intellectual Property to the extent necessary to fully exercise its ownership rights as set out above in this Clause. “Pre-existing Intellectual Property Rights” shall mean any intellectual property rights and know-how already existing at the effective date of the Agreement or independently developed or acquired by the Contractor during the term of the Agreement without using any information disclosed by GCA. This includes methodologies, tools, report, among other materials, produced and/or delivered by the Contractor in connection to other projects and/or own internal products.

11.2 The Contractor shall ensure that all such drawings and other documents and material referred to in Clause 11.1 above, which are prepared and/or delivered by or on behalf of
the Contractor in connection with this Agreement or any Work Order, do not infringe any copyright, patent, design rights or other intellectual property right of any third party and can be used by GCA for their intended purpose.

11.3 The Contractor agrees to execute and deliver, and to use maximum endeavors to cause any subcontractor to execute and deliver, to GCA any and all instruments, source documents, designs, instructions and codes reasonably required by GCA in connection with the use, adaption and enjoyment of the Deliverables and of the GCA’s rights therein and thereto.

11.4 The Contractor undertakes to do everything necessary to see to it that all existing and any future Intellectual Rights - Copyrights or Industrial Property Rights pertaining to results in connection with the Services are (and remain) vested with GCA or with third party designated by it. The rates that Contractor charges to GCA in the context of the Agreement shall be deemed, in as far as necessary, to include payment for these Intellectual and/or Industrial Property Rights. To affect this transfer, the following acts must at any rate be performed: by signing the Agreement, Contractor transfers to GCA all existing and future Intellectual and/or Copy Right/Industrial Property Rights to existing and future results of the Work.

11.5 Insofar as these acts prove not to see to it that all Intellectual and/or Industrial Property Rights are transferred to GCA, Contractor undertakes, if the situation arises, to do everything possible to affect the transfer, without the Contractor being allowed to attach further conditions to its cooperation. As long as this has not been done, Contractor hereby gives GCA: irrevocable authorization to exercise and protect the powers arising from the relevant Intellectual and/or Industrial Property Rights in and out of court; an exclusive, irrevocable license, not subject to a time limit, to the relevant Intellectual and/or Industrial Property Rights.

11.6 Insofar as Contractor has made any material available to GCA, to which material the Contractor has Intellectual and/or Industrial Property Rights, the Contractor states that it shall grant GCA a non-exclusive and non-transferable right to use this material. Furthermore, Contractor indemnifies GCA from claims of third parties based on (alleged) Intellectual and/or Industrial Property Rights or on any other basis.

11.7 It is acknowledged and agreed by the Parties that GCA owns all property rights and may use, adapt, add to and subtract from the Deliverables and combine these with other artistic or literary material and to publish the result by any means, it being understood that the Contractor (including its employees and subcontractors) hereby waives and agrees not to exercise any so-called “moral rights” which may now or may hereafter be recognized.

**ARTICLE 12**
Organization
12.1 Each Party shall designate a contact person who will act in a liaison capacity throughout the term of this Agreement. Each Party will immediately notify the other Party in writing of changes in its contact person.

12.2 The following persons shall be contacted for the liaison of this Agreement or such successors as each Party may designate and communicate in writing to the other Party:

For Contractor: [name], [email], [telephone]

12.3 The Contractor shall ensure the selection of personnel with the necessary skills and competence to take part in each Work Order under this Agreement.

12.4 The Contractor’s personnel shall remain employees of the Contractor and GCA’s personnel shall remain employees of GCA. As employers, GCA and the Contractor shall each bear exclusive responsibility for the remuneration, social security and insurance, whether professional or non-professional, of its personnel. Each Party shall indemnify and hold the other Party free and harmless from any cost, expense or liability in this respect.

12.5 The Contractor shall provide the works and services in such places as the GCA may reasonably specify. Whenever the Contractor, the Contractor’s staff or any other personnel working on the behalf of the Contractor work on GCA’s premises, the Contractor shall ensure their compliance with GCA’s Code of Conduct as well as fire, health and safety rules and procedures.

12.6 Unless otherwise agreed in a Work Order, each Party shall bear the travel and accommodation costs of its personnel.

the remuneration shall be based on the hourly/daily rates set out in the Contractors Proposal associated with this Agreement.

14.2 Unless expressly stated otherwise in a Work Order, any types of expenses shall not be reimbursed by GCA but borne by the Contractor. Any hourly/daily rate or other fixed fee shall also be considered to include all materials, labor and equipment needed for the performance of the respective Work Order.

14.3 The Contractor shall notify GCA of any need for the rendering of services or works not covered by the Work Order. Without the prior written approval of GCA, the Contractor shall not be entitled to perform any such services or works for GCA.

14.4 Except for value added tax (VAT), all taxes, charges and fees of whatever nature which may be imposed by any authority on the amounts paid to the Contractor under this Agreement or any Work Order shall be paid and borne by the Contractor.

ARTICLE 15

Liability and Insurance

15.1 The total liability of the Contractor on any and all claims, whether in contract, tort (including negligence), by way of indemnity or otherwise arising out of or connected with or resulting from this Agreement (including Call-off Orders), shall be limited to and shall not exceed in aggregate the sum of the fee of the relevant Call-off/Work Order. Contractor’s liability is limited to a period of two (2) years after the end of the Agreement. The contractor’s financial liability shall be limited to the value of each Work Order.

15.2 It is the responsibility of the Contractor to cover, through personal accident insurance contracts, any personal accident risks suffered by its personnel or by its subcontractors' personnel, in the context of actions under this contract.

15.3 Personal accident insurance shall provide that compensation shall be paid to the injured party or, in the event of death, to whomsoever proven to be entitled, in accordance with the law of succession or other applicable legal provisions.

15.4 To the maximum extent permitted, neither party hereto shall have any liability to the other for any lost revenues, lost profits or anticipated profits, cost of capital, loss of production, loss of product, or any special, indirect, consequential or punitive damages suffered, sustained, paid by the other party hereto or any third party and whether or not foreseeable at the time of entering into this Agreement.

ARTICLE 16

16.1 “Confidential Information” means any scientific, technical, financial, commercial or other information of any nature and in any form provided by either Party to the other Party which is not in the public domain and which relates to the affairs of the Party or any of its business contacts.

16.2 The parties shall keep confidential all information and technical and non-technical, commercial or other documentation related to the recipients that may be known under or in connection with the performance of this contract.

16.3 The duty of confidentiality provided for in the preceding paragraph shall include, in particular, written documents, personal data, drawings, plans, applications and software in the form of source code or object code, specifications, trade secrets, methods and formulas, internal situations, of a labor or other nature.

16.4 The information covered by the obligation of secrecy may not be transmitted to third parties, nor object of licensing or any other use or mode of economic use, unless expressly authorized in writing by the contracting entity.

16.5 The co-contractor may only transmit confidential information to its employees and, in any case, only if the following circumstances occur cumulatively:

16.5.1 The employees concerned need to know this information in order to fulfil their tasks under the contract.

16.5.2 The employees are informed about the confidential nature of the information.

16.5.3 Employees are obliged to comply with the obligation of secrecy arising from this Clause.

16.6 The Contractor is responsible for the fulfilment of the duty of confidentiality on the part of its collaborators, whatever the legal nature of the bond, even after its termination, regardless of the cause of the termination.
