1. Introduction

1.1 Introduction to the Global Center on Adaptation (GCA)

The Global Center on Adaptation (GCA) is an international organization that works as a solutions broker to catalyze action and support for adaptation solutions, from the international to the local, in partnership with the public and private sector, to ensure we learn from each other and work together for a climate resilient future. Adapting to impacts of climate change provides a “win-win” for livelihoods, food security, water supply, health, security, and economic growth. The work of the GCA elevates the visibility and political importance of climate adaptation and facilitates solutions, such as smarter investments, new technologies and better planning to become more resilient to climate related threats. GCA is a rapidly growing organization with offices in Abidjan, Beijing, Dhaka, Groningen, and Rotterdam.

The GCA’s ambitious 2020-2025 business plan and strategy have three pillars:

- Programs: Food Security; Using Nature for more resilient infrastructure; Water for Urban Growth and Resilience; Climate Finance; Youth Leadership.
- Knowledge: Building adaptation knowledge globally through cutting edge products such as the State and Trends in Adaptation Report and the Adaptation Knowledge Portal.
- Advocacy and Awareness: Formulating policy messages to move the global, regional, and local adaptation agendas forward.

1.2 Introduction to this Request for Proposals

1.2.1 Purpose of this Request for Proposals (RFP)

GCA is launching this RFP to solicit competitive proposals and select one firm (hereto referred to as “Service Provider”) to enter into a Framework Agreement. The selection process aims to ensure that the final selected Service Provider is of the highest caliber professionally, technically and ethically to implement and execute the necessary services.

1.2.2 Information about the Framework Agreement

1.2.2.1 Purpose and Duration

GCA intends to enter into a Framework Agreement for Web Development and Maintenance Services based on TORs/specifications/SOW included in this document. The agreement will be valid for an initial one (1) year term, renewable subject to performance and availability of funds, and its total cumulative duration may not exceed three (3) years.

1.2.2.2 Financial Envelope and Work Orders

The maximum financial envelope for services is EUR 130,000.00 (one hundred and thirty thousand Euros). Work Orders will be issued using fixed prices from the Framework Agreement, with services provided on demand.

1.2.2.3 Estimates and Commitments

Estimates provided in this Solicitation Document are not binding commitments for future purchases but rather provided in good faith and shall not in any way be deemed to be a
commitment. GCA is not obligated to meet minimum procurement values or issue a set number of Work Orders. This Solicitation Document shall not be construed as an offer capable of being accepted.

There will be no legal/contractual obligation for GGA to procure any minimum value of services during the duration of the Framework Agreement or issue any minimum number of Work Orders during the term/duration of the Framework Agreement with the Service Provider(s). GCA shall not be liable for any cost in the event that no purchases are made under any resulting Framework Agreement.

1.2.2.4 Draft Framework Agreement

The draft Framework Agreement, inclusive of GCA’s contractual terms and conditions, is attached as an Annex for reference. **No modifications to the Framework Agreement will be made after the deadline for clarification requests.** Bidders are invited to submit any clarification request regarding the draft Framework Agreement before the closing date for clarifications (refer to paragraph 2.5 of the RFP). Submission of a proposal implies acceptance of the conditions outlined in this Request for Proposal and the attached Draft Framework Agreement.

1.2.3 Indicative Procedure Timetable

The timetable for the procurement process presented below is indicative and, while GCA does not intend to depart from the timetable, it reserves the right to do so at any time respecting the GCA/EU/Donor Procurement Regulations.

2.1 Submission of the Proposal

If you are interested in participating in this Request for Proposal, you are requested to submit your proposal to the submission link: **GCA-PR-24-478 - Web Development and Maintenance Services** no later than **24 April 2024, 16:00:00 hours (04:00:00 p.m. o’clock), Central European Time (CET)** (hereinafter referred to as “the closing date and time”).

Bidders are cautioned that the timing of submission is based on when the proposal is received by the GCA, not when a proposal is submitted by a bidder. As transmission can be delayed due to file transfer size, transmission speed or other technical factors, bidders should plan to...
submit proposals well in advance of the Submission Deadline to avoid submitting late due to technical issues. Bidders submitting near the Submission Deadline do so at their own risk.

Bidders that do not receive this confirmation must contact GCA within 48 hours from the closing date and time. After 48 hours from the closing date and time, GCA shall not respond to any queries related to whether a bidder’s proposal was received.

Your proposal and all supporting documents must be uploaded to the submission link in PDF format before the closing date and time stipulated above. Submissions requesting GCA to click on links to download documents shall not be accepted. • The Financial Proposal must be named **RFP-GCA-PR-24-478-FINANCIAL Proposal** and no other characters or spacing should be included in the file name.

• All financial information must **ONLY** be included in the Financial Proposal. No Financial proposals, quotes or any other related financial information should appear in the Technical Proposal.

• Proposals which do not comply with these requirements, e.g. combining the financial and technical proposals in one submission or submitted in any way, other than outlined above, will be rejected.

• In case of a joint proposal, all the partners (except the lead partner) shall submit a **power of attorney**, signed by an authorized representative of each partner, designating the lead partner to represent them and to sign the contract on their behalf in relation to this Request for Proposals.

**Late submissions shall be rejected. Non-compliance with the above requirements regarding the presentation of the RFP may lead to the exclusion from the RFP process for this contract.**

### 2.3 Signature of the Proposal

The signature of the authorized representative of the Bidder (single Bidder or lead partner in case of a joint proposal) in Annex 1 will be considered as the signature of the proposal, binding the Bidder to the terms included in the proposal.

### 2.4 Validity of the Proposal

The proposal must be valid for the period of 120 days from the deadline of proposals as indicated in Section 2.1. The bidder shall provide a statement confirming the period of validity of its proposal when submitting the required documents for this RFP.

GCA shall endeavor to conclude the RFP process within the validity period of the RFP. If, however, there are any circumstances that require GCA to request for validity extension from bidders, GCA shall do so in writing. Bidders have the right to accept or reject the request. In the latter case, the bidder’s proposal shall not be evaluated.

### 2.5 Communication during the Tendering Process

The point of contact for all questions or requests for additional information is **procurement@gca.org**. All contact with personnel employed by the Global Center on Adaptation with respect to this RFP is prohibited, except for messages to the above email address. Improper contact may constitute grounds for rejection of your proposal. All inquiries regarding this RFP must be submitted in writing. Interest to bid and questions shall be sent to the above email address before the date mentioned in the timeline and must be labelled “Clarification Request - GCA-PR-24-478 – Web Development and Maintenance Services”. Each inquiry must include the inquirer’s name, firm and telephone number. The Global Center on Adaptation will share the answers to all questions of a reasonable nature with all the parties that have expressed their interest.

Clarifications by GCA will be communicated, in a suitably anonymous form, to all bidders on the GCA website and/or by email. No approach of any kind in connection with this request for proposal should be made to any other person within, or associated with, GCA. Failure to
adhere to this requirement may result in exclusion from this Request for Proposals. Please note that GCA will not enter a detailed discussion on the requested services at this stage.

The closing date for clarifications concerning this Request for Proposal is 17 April 2024, 16:00:00 hours (04:00:00 p.m. o’clock), Central European Time (CET).

Bidders are cautioned that the timing of submitting a clarification request is based on when the email is received by the GCA, not when a clarification is submitted by a bidder. As transmission can be delayed due to file transfer size, transmission speed or other technical factors, bidders should plan to submit requests for clarification well in advance of the clarification deadline to avoid submitting late due to technical issues. Bidders submitting near the clarification deadline do so at their own risk.

All clarification requests from each bidder must be placed in one consolidated request.

2.6 Bid Opening and Evaluation of Proposals

The proposals received will be opened strictly by the Evaluation Committee/Procurement Officials, in line with the Bid opening schedule as indicated in Section 1.3.3. The evaluation of proposals will follow the procedure described in Section 5.

2.7 Proposal Presentations and Interviews

GCA may request all Bidders who have passed the Selection Criteria stated in Section 5.2 of this Request for Proposal to present their proposals to the GCA Evaluation Committee by video link or online meeting. Further details will be communicated to invited short-listed Bidders closer to the time if required by GCA.

3. Scope of Services

Within the current Request for Proposal, bidders are requested to provide a comprehensive response to GCA’s requirements, in the “Technical Section” of their submission (see the section related to the Content of the Proposal), to demonstrate their understanding of GCA’s work and their technical capacity to implement the activities outlined in the Scope of Work/Terms of Reference (Annex 3).

The Scope of Work/Terms of Reference presented in Annex 3 is then to be fulfilled only within the Framework Agreement, each assignment being awarded to a bidder(s) via a Work Order without mini-competition or secondary bidding.

4. Joint Proposals and Subcontracting

An interested bidder may submit a proposal as a single entity or collaborate with other service providers to present a proposal either by submitting a joint proposal or through subcontracting. Proposals may also combine both approaches. The legal status and role of each legal entity shall be clearly described in the proposal, as well as the responsibilities of each entity in providing the services required by this RFP.
Joint proposals will be evaluated on a consolidated basis. Joint bidders/ventures must appoint a lead firm/organization and a point of contact authorized to act on their behalf in connection with the submission of the proposal and all relevant questions, clarification requests, notifications, etc. that may be received during the evaluation and award phases, and until signature of the contract.

In case of a joint proposal, all the partners (except the lead partner) shall submit a power of attorney, signed by an authorised representative of each partner, designating the lead partner to represent them and to sign the contract on their behalf in relation to this procurement.

If the joint proposal is successful, the GCA will sign the contract with the lead firm/organization, authorized by the other members to sign the contract on their behalf. All members of the joint proposal assume joint and several liability towards the GCA for the performance of the contract. Changes in the composition of the group after the proposal submission deadline and before the contract signature may lead to the rejection of the proposal except in case of a merger/takeover of a member of the group, in which case all Eligibility, Selection and Award Criteria must still be fulfilled by the new group.

5. Evaluation of Proposals and Bidders

The evaluation of bidders and proposals will be done in accordance with the following subsequent steps:

- Verification that the bidder fulfils the Exclusion Criteria in Section 5.1 and that it is not in one of the situations covered by the exclusion criteria listed in EU Directive 2014/24/EU.
- Verification that the bidder has the appropriate capacities to perform the contract based on the Selection Criteria described in Section 5.2 (only for those bidders that were not excluded based on the Exclusion Criteria).
- Evaluation of the bidder based on the Award Criteria described in Section 5.3 (only for those bidders that have met the Selection Criteria). Scoring for each Award Criterion will be conducted using the following scale:
  - Excellent
  - Good
  - Average
  - Below average
  - Poor
- The Evaluation Committee shall evaluate the technical proposals first and shall thereafter open and evaluate the financial proposals of only those bidders whose technical proposals meet the minimum technical score.
- Where individual scoring is adopted, the Evaluation Committee shall discuss scores where there are significant discrepancies prior to computing the average score for each criterion.
- During financial evaluation, where there is a discrepancy between the amounts in figures and in words, the amount in words shall govern. Where there is a discrepancy between the unit rate and the line-item total resulting from multiplying the unit rate by
the quantity, the unit rate shall govern, unless in the opinion of the Evaluation Committee there is an obviously gross misplacement of the decimal point in the unit rate, in which case the line-item total shall govern, and the unit rate shall be corrected.

The proposal must comply with the GCA strategic requirements set in this RFP as a precondition to be assessed. In a case of non-compliance with the Exclusion Criteria, the bidder will be informed of the grounds for rejection without being given feedback on the content of the proposal other than on the non-compliant elements.

The evaluation of proposals shall be carried out by an Evaluation Committee made up of representatives of GCA. Any attempt by a bidder to influence the Evaluation Committee in the process of examination, clarification, evaluation, due diligence checks, etc., to obtain information on how the procedure is progressing or to influence GCA in its decision concerning the award of the contract, will result in the immediate rejection of the bidder’s proposal.

In the interest of transparency and equal treatment, without being able to modify their proposals, bidders may be required, at the sole written request of the Evaluation Committee (via Procurement), to provide clarifications within 48 hours. Requests for clarification will only seek minor clarifications of information already submitted by the bidder. No modifications to a proposal can be sought or accepted through a request for clarification (except for the correction of arithmetical errors discovered during the evaluation of the proposal).

5.1 Exclusion Criteria

Participation in this Request for Proposal is open on equal terms to any natural and legal companies not in any of the situations listed in Article 57 of the EU Directive 2014/24/EU.

Bidders shall provide a Declaration of Honor (see Annex 2), duly signed and dated, including a statement that they are not in any of the situations listed in Article 57 of EU Directive 2014/24/EU. In case of a joint proposal such declaration shall be submitted for each partner. The declaration shall also be submitted for the subcontractors, when relevant.

Besides the submission of the signed Declaration of Honor, the Bidder undertakes to inform GCA, without delay, of any changes to their situation in this regard.

Bidders may be excluded from participation in this Request for Proposal if they are found to be in one of the situations for exclusion or fail to submit the above-mentioned declaration.

5.2 Selection Criteria

Bidders will be evaluated against each Selection Criterion based on the documentary evidence submitted by the bidder. Failure to submit the evidence requested will lead to a rejection of the proposal. Bidders will be evaluated against the Selection Criteria on a pass/fail basis. Bidders who meet the Selection Criteria will be put on an equal footing for the next stage of the evaluation process based on the Award Criteria.

Bidders shall be evaluated against the following Selection Criteria:

(1) Professional and Legal Capacity
(2) Technical Standing

(1) Professional and Legal Capacity
 Criterion: Bidders must be a registered entity in their home country regulatory agency, as and where applicable, for a minimum of 2 years.
- Bidders must possess the necessary human and technical resources and experience to perform the tasks listed in the TOR to a high standard; and to deliver to mutually agreed deadlines.

Documentary evidence: Provide a copy of the statutes/registration of the legal entity (in case of a joint proposal the company registration shall be submitted for each partner) and evidence concerning the appointment of the persons authorized to represent the Bidder in dealings with third parties and in legal proceedings.

(2) Technical Standing

The bidders who do not meet all the Selection Criteria shall not proceed to the next evaluation stage and their proposals shall not be evaluated further based on the Award Criteria.

5.3 Award Criteria

Proposals will be rated on both technical and financial bases, using the best value for money approach. The selection method will choose the highest rated proposal(s) using the combined scoring method, which assigns the weight distribution between the technical and financial proposals. The overall combined score will be 100 points, the weight distribution shall be 70 points for the technical proposal and 30 points for the financial proposals.

It is important to note that the required Minimum Technical Score for the Technical Proposal is 60%. Only proposals obtaining the Minimum Technical Score or more in the Technical Evaluation will progress to the Financial Evaluation.

Technical Proposals scoring less than the Minimum Technical Score will be considered of insufficient quality and shall be rejected. The contract shall be awarded to the top ranked bidder who submitted the most economically advantageous tender based on the best price quality ratio in accordance with the following criteria:

**Contract Award:** Bidder that obtains the highest combined technical and financial score

Scoring for each Award Criterion will be conducted using the following scale:
- Excellent
- Good
- Average = Minimum Technical Score
- Below Average
- Poor

Proposals scoring less than the Minimum Technical Score for any main technical award criterion (TC.1, TC.2, TC.3, etc.) will be considered of insufficient quality and shall be rejected.

For the purposes of the evaluation of the Financial Proposal, the bidder offering the lowest price shall receive the maximum total score of 30 points. The score of all other financial proposals will be calculated using the following formula:

Financial score = (Lowest bid/Current bid) x Maximum points to be awarded

After careful scoring of each bidder’s proposal (technical and financial), GCA shall award the contract to the bidder that obtains the highest combined technical and financial score. The decision will be communicated by email to all bidders.

### 5.4 Content of the Technical Proposal

The assessment of the technical quality will be based on the ability of the Bidder to meet the purpose of the framework agreement and fulfill the Scope of Work/Terms of Reference (Annex 3). To this end, the Technical Proposal shall clearly contain the following information, to allow evaluation of their offer according to the technical award criteria stated in the Award Criteria (Section 5.3):

Technical Proposal Appendixes: should include at least the following mandatory requirements:
• Company profile including list of clients with contacts for obtaining a reference. The company could also include available reference letters.

• Summary table showcasing the reference projects (with website links) and demonstrating the bidder’s technical experience relevant for the Scope of Work/Terms of Reference. For each project listed, the Technical proposal must clearly state at least the bidder’s contribution to the project and the project’s outcome.

• Two sample workplans with indicative timelines:
  - To develop a new function on the gca.org website. For the purpose of this evaluation, the new function to be developed are country profiles with a mapping function.
  - Monthly website hosting and maintenance

• Core team organogram with name and role of each team member.

• Summary table demonstrating that the qualifications and experience of each team member match the technical capacity and skills requirements as described in Section 6 of the Scope of Work/Terms of Reference.

• Tailored CVs of the team proposed to perform the services and provide.

• All information/documents requested in Sections 2 and 5 of this Request for Proposal excluding Financial Proposal information/form (Annex 4).

Cancellation may occur where:

1) The RFP procedure has been unsuccessful. For example, where no technically/financially responsive proposal has been received or there has been no response at all.
2) The economic or technical parameters of the project have been fundamentally altered.
3) Exceptional circumstances or force majeure render normal performance of the project impossible.
4) All technically compliant proposals significantly exceed the financial resources available.
5) There have been irregularities in the procedure where these have prevented fair competition.

In the event of cancellation of RFP procurement proceedings, bidders will be notified by GCA.

7. Ownership of Proposals Submitted

Any document submitted in reply to this RFP will become the property of GCA and will be regarded as confidential.
8. Liabilities for Errors

5.1 The total maximum financial envelope for the required services during the entire Framework Agreement period referred to herein, is estimated at EUR 130,000 exclusive of VAT. ARTICLE 6

6.1 GCA may during the course of the contract, identify tasks to be performed by the Contractor within the scope of the contract by issuing Work Orders to the Contractor. To this end, GCA will prepare specific Terms of Reference/Scope of Work for the services to be performed and issue Work Orders using fixed prices stated in Annex 5 of this Agreement.

6.2 Upon mutual agreement between the Parties regarding the contents of the Work Order, including any potential Specific Conditions, the Work Order shall be formally executed by their duly authorized representatives.

6.3 GCA will issue a Work Order following the form given as Annex 1 hereto. Only upon signature of this Work Order by both Parties shall the Contractor be deemed authorized to perform the work. If, however, for urgency reasons, GCA decides to provide the Contractor with a preliminary authorization in writing to proceed with the work foreseen under a Work Order, such authorization (following the approval of GCA's signatory of this Agreement and subject to availability of funds) will be binding for both Parties upon agreement on the work to be performed, the price to be paid and the schedule for the work.

6.4 Work under this Work Order procedure can be placed until the end of this Framework Agreement. GCA reserves the right to redirect work, at no cost impact, within specific Work Orders in the same area of work. The parties will agree the implementation of such a redirection.

ARTICLE 10

Duration and Termination

10.1 This Agreement shall commence on 15 May 2024 (hereinafter referred to as the “Effective Date”) and shall remain in effect until 14 May 2025, at which date it shall automatically terminate unless prolonged by the Parties in writing. It is renewable subject to performance and availability of funds, and its total cumulative duration may not exceed three (3) years.

10.2 Subject to the conditions laid down in Clause 6 (Work Order Procedure) of the present Agreement, the Agreement shall be deemed automatically extended to cover the period needed for the performance of any Work Order signed by both Parties before the end date of the contract mentioned above.

10.3 GCA may, in its sole discretion, terminate this Agreement at any time by 3 (three) months written notice to the Contractor. As soon as this notice is received, the Contractor shall do its best efforts to minimize expenditure related to this Agreement or any Work Order under it.

10.4 Each Party may terminate this Agreement if the other Party is in material breach of its obligations under this Agreement or any Work Orders and fails to rectify such breach within 30 days of a notice in writing from the complaining Party, or if the other Party should enter into liquidation, or become insolvent or be declared bankrupt.

10.5 Upon any termination of this Agreement, the Contractor shall promptly deliver to GCA all documents and other information prepared or received in connection with this Agreement or any Work Order, whether completed or in progress, which are in the Contractor’s possession.
10.6 Notwithstanding termination of this Agreement in accordance with Clauses 10.2 and 10.3 above, on-going Work Orders shall continue to bind the Parties in regard of the provisions of the corresponding Work, except where the breach also represents a breach of that Work Order or adversely affects its execution.

10.7 Termination of this Agreement shall not affect the rights and obligations of the Parties under Clauses 4 and 7 of this Agreement or under any other clauses of this Agreement or the Work Order which by their nature or by their express terms are intended to survive the termination of this Agreement, including Warranties, Indemnification, Confidentiality and Intellectual and Proprietary rights.

10.8 In the event of termination by GCA due to the fault of the Contractor, the GCA shall withhold and deduct from any payment to Contractor in the relevant Work Order the amount reasonably deemed necessary to complete the Services and deliver the Deliverables.

10.9 Unless otherwise specified in this Contract, on the termination of this Agreement for any reason, GCA shall be responsible for paying the part of the costs for deliverables and work that have been accepted by GCA up to and including the effective date of termination.

ARTICLE 11

Right to the Results of Events

11.1 All rights, title and interest in and to any drawings, calculations, reports, models, articles, equipment, machines, prototypes and other documents and material of any nature and in any form or medium prepared and/or delivered by or on behalf of the Contractor to GCA in connection with this Agreement, regardless of the state of completion, as well as any copyright, design rights, patents and other intellectual property rights and know-how with respect thereto, shall, without any obligations of any kind further than the ones expressly stated in this Agreement, vest exclusively in GCA automatically and immediately upon their creation to the fullest extent permitted by law.
and GCA shall be the sole and unlimited owner thereof and of rights therein throughout the world forever. Accordingly, GCA shall have the exclusive right to use such drawings, documents and materials and intellectual property rights without restriction, including for the avoidance of doubt the right to make changes, further developments, licenses, transfers, copies and publications. GCA grants a non-exclusive and non-transferable user license for the Contractor to use such drawings, documents and material prepared and/or deliver to GCA, for which the Contractor needs to notify GCA. The Contractor shall however remain owner of his Pre-existing Intellectual Property Rights, and GCA shall be granted a license to use such Pre-existing Intellectual Property to the extent necessary to fully exercise its ownership rights as set out above in this Clause. “Pre-existing Intellectual Property Rights” shall mean any intellectual property rights and know-how already existing at the effective date of the Agreement or independently developed or acquired by the Contractor during the term of the Agreement without using any information disclosed by GCA. This includes methodologies, tools, report, among other materials, produced and/or delivered by the Contractor in connection to other projects and/or own internal products.

11.2 The Contractor shall ensure that all such drawings and other documents and material referred to in Clause 11.1 above, which are prepared and/or delivered by or on behalf of the Contractor in connection with this Agreement or any Work Order, do not infringe any copyright, patent, design rights or other intellectual property right of any third party and can be used by GCA for their intended purpose.

11.3 The Contractor agrees to execute and deliver, and to use maximum endeavors to cause any subcontractor to execute and deliver, to GCA any and all instruments, source documents, designs, instructions and codes reasonably required by GCA in connection with the use, adaption and enjoyment of the Deliverables and of the GCA’s rights therein and thereto.

The rates that Contractor charges to GCA in the context of the Agreement shall be deemed, in as far as necessary, to include payment for these Intellectual and/or Industrial Property Rights. To affect this transfer, the following acts must at any rate be performed: by signing the Agreement, Contractor transfers to GCA all existing and future Intellectual and/or Copy Right/Industrial Property Rights to existing and future results of the Work.

11.5 Insofar as these acts prove not to see to it that all Intellectual and/or Industrial Property Rights are transferred to GCA, Contractor undertakes, if the situation arises, to do everything possible to affect the transfer, without the Contractor being allowed to attach further conditions to its cooperation. As long as this has not been done, Contractor hereby gives GCA: irrevocable authorization to exercise and protect the powers arising from the relevant Intellectual and/or Industrial Property Rights in and out of court; an exclusive, irrevocable license, not subject to a time limit, to the relevant Intellectual and/or Industrial Property Rights.

11.6 Insofar as Contractor has made any material available to GCA, to which material the Contractor has Intellectual and/or Industrial Property Rights, the Contractor states that it shall grant GCA a non-
exclusive and non-transferable right to use this material. Furthermore, Contractor indemnifies GCA from claims of third parties based on (alleged) Intellectual and/or Industrial Property Rights or on any other basis.

11.7 It is acknowledged and agreed by the Parties that GCA owns all property rights and may use, adapt, add to and subtract from the Deliverables and combine these with other artistic or literary material and to publish the result by any means, it being understood that the Contractor (including its employees and subcontractors) hereby waives and agrees not to exercise any so-called “moral rights” which may now or may hereafter be recognized.

Annex 1 – Statement of Acknowledgment

I acknowledge that I have received a copy of the Code of Conduct, which describes the standards of behavior expected by GCA and I agree to act in accord with those standards as a condition of my agreement with GCA.

I have read and understood the Anti-Fraud Policy, which describes acts or omissions that are considered as fraud or corruption and that are not permitted by GCA. I agree to act in accord with the Anti-Fraud Policy as a condition of my agreement with GCA.

I also acknowledge that I understand the reporting process for complaints and any suspicions of misconduct, illegal actions, or violations of the Code of Conduct or any other GCA policies and rules. I will use the webform on GCA's website at https://gca.org/about-us/contact-us/ to report such incidents. In case I encounter difficulties accessing the online complaint form, I will send an email to speakup@gca.org to report integrity violations or to safeguarding@gca.org to report incidents of Sexual Exploitation, Abuse, and Harassment. If I need to report anything urgently, I will call or use WhatsApp to contact the Whistle Officer at +31 643147051. I understand that it is my duty to speak up immediately if I witness an incident, suspect an integrity violation, suspect a breach of a policy, feel harassed, or have a complaint regarding GCA or its associated parties or individuals.

I understand that if I have questions at any time about any of these documents, I will consult the GCA contact person or the Human Resources staff for clarification.

Finally, I understand that the contents of the documents may change at any time at the sole discretion of GCA, which relevant changes GCA informs me of. Changes are effective as of the date of their publication.
