1. Introduction

1.1 Global Center on Adaptation

The Global Center on Adaptation (GCA) is an international organization that works as a solutions broker to catalyze action and support for adaptation solutions, from the international to the local, in partnership with the public and private sector, to ensure we learn from each other and work together for a climate-resilient future. Adapting to the impacts of climate change provides a “win-win” for health, livelihoods, food security, water supply, human security, and economic growth. The work of the GCA elevates the visibility and political importance of climate adaptation and facilitates solutions, such as smarter investments, new technologies and better planning to become more resilient to climate-related threats. GCA is a rapidly growing organization with offices in Abidjan, Beijing, Dhaka, Groningen, and Rotterdam.

The GCA’s ambitious 2020-2025 business plan and strategy have three pillars:

- **Programs and Action:** Food Security; Using Nature for more resilient infrastructure; Water for Urban Growth and Resilience; Climate Finance; Youth Leadership
- **Knowledge Acceleration:** Building adaptation knowledge globally through cutting-edge products such as the State and Trends in Adaptation Report and the Knowledge Exchange Platform
- **Agenda Setting and Advocacy:** Formulating policy messages to move the global, regional, and local adaptation agendas forward.

1.2 Program Background Information

The Government of Tanzania, Ministry of Finance, has requested the GCA to provide technical assistance for the development of Tanzania Vulnerability Maps and Dissemination Platform in the context of the Resilience and Sustainability Facility (RSF) approved by the IMF Board on June 20, 2024. These Climate Vulnerability maps will inform key activities in Tanzania, including land-use planning, agriculture, construction, and urban planning.

The present services will be part of GCA technical assistance to the Government of the United Republic of Tanzania for the preparation, publication and dissemination of Climate Vulnerability Maps in Tanzania. GCA is coordinating these activities with Governmental Focal Points at the Prime Minister Office, Disaster Risk Reduction Unit.

2. Description of Services

2.1 Purpose of this Assignment

Within this context, GCA is seeking a qualified firm to support with Tanzania Climate Vulnerability Maps: Climate data compilation and dissemination platform development.

The expected services to be provided under this assignment include;

- Compile, from existing climate change analysis, GIS maps and hazards indicators across relevant time horizons, under different climate change scenarios, localized at the district level
- Compile, from governmental sources and existing studies, exposure/risk screening data and indicators for key sectors including existing built-up areas, population, GDP, agriculture, and critical infrastructures.

- Develop of a dissemination platform, for the hosting of maps, hazards indicators across climate-related variables, and exposure/risks level data and indicators. The platform will allow the compiled maps and indicators to be disseminated across governmental agencies in Tanzania in a common applicable format and interactive spatial interface (website). As part of Governmental requirement, a functional platform pilot is to be delivered in February 2025.
- Provide user manuals for maintaining and updating the platform and the information and hazard risk maps.

The detailed Terms of Reference and Deliverables for this assignment are presented in **Annex 3**. The total duration of this assignment is estimated at up to 4 Months.

Bidders shall respond to the strategic requirements of GCA with a strong emphasis on responsiveness to GCA technical requirements and performance, substantive progress reports, achievement of tasks and activities to match the Scope of Services/Terms of Reference and the production of the deliverables on time, to highest applicable standards. For further information See Annex 3 – Terms of Reference.

2.2 Information about the Contract Package

GCA intends to enter into a contract that covers the Terms of Reference and Deliverables described in Annex 3.

3. Preparation of Proposals

3.1 RFP Indicative Schedule

The timetable for the procurement process presented below is indicative and, while GCA does not intend to depart from the timetable, it reserves the right to do so at any time respecting the GCA/EU/Donor Procurement Regulations.

| Activity | Estimated date |
|--|------------------|
| Request for Proposals published/issued | 29 October 2024 |
| Deadline for sending a request for clarification to GCA | 5 November 2024 |
| Deadline for submission of proposals | 13 November 2024 |
| Proposal opening | 13 November 2024 |
| Evaluation of the proposals | 15 November 2024 |
| Notification of the award and the evaluation results sent to bidders | 18 November 2024 |
| Signature of Contract | 21 November 2024 |

3.2 Communications, Clarifications and Amendment of RFP

The point of contact for all questions or requests for additional information is procurement@gca.org. All contact with personnel employed by the Global Center on Adaptation with respect to this RFP is prohibited, except for messages to the above email address. Improper contact may constitute grounds for rejection of your proposal. All inquiries regarding this RFP must be submitted in writing. Interest to bid and questions shall be sent to the above email address before the date mentioned in the timeline and must be labelled "**Clarification Request - GCA-PR-24-611 – Tanzania Climate Vulnerability Maps**:"

Climate data compilation and dissemination platform development ". Each inquiry must include the inquirer's name, firm and telephone number. The Global Center on Adaptation will share the answers to all questions of a reasonable nature with all the parties that have expressed their interest.

Clarifications by GCA will be communicated, in a suitably anonymous form, to all bidders on the GCA website and/or by email. No approach of any kind in connection with this request for proposal should be made to any other person within, or associated with, GCA. Failure to adhere to this requirement may result in exclusion from this Request for Proposals. Please note that GCA will not enter a detailed discussion on the requested services at this stage.

The closing date for clarification requests concerning this Request for Proposal is **5 November 2024, 16:00:00 hours (04:00:00 p.m. o'clock), Central European Time (CET)**.

Bidders are cautioned that the timing of submitting a clarification request is based on when the proposal is received by the GCA, not when a clarification request is submitted by a bidder. As transmission can be delayed due to file transfer size, transmission speed or other technical factors, bidders should plan to submit clarification requests well in advance of the clarification Deadline to avoid submitting late due to technical issues. Bidders submitting near the clarification Deadline do so at their own risk.

All clarifications from each bidder must be placed in one consolidated request.

3.3 Language

The proposals, all correspondence and documents related to the RFP exchanged by the bidder and GCA, must be written in **English**.

Supporting documents and printed literature that the bidder provides may be in another language, provided they are accompanied by an accurate translation into English.

3.4 Cost of Submitting Proposals

GCA will not reimburse any costs incurred by interested bidders with connection with preparation and submission of their responses to this RFP.

3.5 Alteration or Withdrawal of Proposals

Bidders may alter or withdraw their proposals by written notification to GCA prior to the deadline for submission of proposals referred to in Section 4.1. No submission may be altered after this deadline. Withdrawals must be unconditional and will end all participation in the RFP procedure.

3.6 Signature of the Proposal

The signature of the authorized representative of the bidder (single bidder or lead partner in case of a joint proposal) in Annex 1 will be considered as the signature of the proposal, binding the bidder to the terms included in the proposal.

3.7 Validity of Proposals

The proposals submitted in response to this RFP must be valid for the period of 60 days as of the deadline for submission indicated in Section 4.1. The bidder shall provide a statement confirming the period of validity of its proposal when submitting the required documents for this RFP.

GCA shall endeavor to conclude the RFP process within the validity period of the RFP. If, however, there are any circumstances that require GCA to request for validity extension from bidders, GCA shall do so in writing. Bidders have the right to accept or reject the request. In the latter case, the bidder's proposal shall not be evaluated.

3.8 Currency

Proposals must be presented in EUR.

3.9 Content of this RFP

The package of this RFP comprises the following:

- a) Instructions to bidders (this RFP document)
- b) Annex 1: Proposal Submission/Identification Form
- c) Annex 2: Declaration on Honor
- d) Annex 3: Terms of Reference
- e) Annex 4: Financial Proposal Form
- f) Annex 5: Contract for Services

3.10 Joint Proposals and Subcontracting

An interested bidder may submit a proposal as a single entity or collaborate with other service providers to present a proposal either by submitting a joint proposal or through subcontracting. Proposals may also combine both approaches. The legal status and role of each legal entity shall be clearly described in the proposal, as well as the responsibilities of each entity in providing the services required by this RFP.

Joint proposals will be evaluated on a consolidated basis. Joint bidders/ventures must appoint a lead firm/organization and a point of contact authorized to act on their behalf in connection with the submission of the proposal and all relevant questions, clarification requests, notifications, etc. that may be received during the evaluation and award phases, and until signature of the contract.

In case of a joint proposal, all the partners (except the lead partner) shall submit a **power of attorney**, signed by an authorized representative of each partner, designating the lead partner to represent them and to sign the contract on their behalf in relation to this procurement.

If the joint proposal is successful, the GCA will sign the contract with the lead firm/organization, authorized by the other members to sign the contract on their behalf. All members of the joint proposal assume joint and several liability towards the GCA for the performance of the contract. Changes in the composition of the group after the proposal submission deadline and before the contract signature may lead to the rejection of the proposal except in case of a merger/takeover of a member of the group, in which case all Eligibility, Selection and Award Criteria must still be fulfilled by the new group.

3.11 Supplier Code of Conduct

GCA subscribes to the UN Supplier Code of Conduct | UN Procurement Division. By participating in this RFP, bidders agree to comply with this code.

4. Submission and Opening of Proposals

4.1 Submission of the Proposal

If you are interested in participating in this Request for Proposal, you are requested to submit your proposal in **PDF format** to the link: [GCA-PR-24-611 – Proposals](#) no later than **13 November 2024, 16:00:00 hours (04:00:00 p.m. o'clock), Central European Time (CET)** (hereinafter referred to as “the closing date and time”).

Bidders are cautioned that the timing of submission is based on when the proposal is received by the GCA, not when a proposal is submitted by a bidder. As transmission can be delayed due to file transfer size, transmission speed or other technical factors, bidders should plan to submit proposals well in advance of the Submission Deadline to avoid submitting late due to technical issues. Bidders submitting near the Submission Deadline do so at their own risk.

Proposals received after the closing date and time will be rejected. GCA will confirm receipt of proposals within 24 hours from the closing date and time. Bidders that do not receive this confirmation must contact GCA within 48 hours from the closing date and time. After 48 hours from the closing date and time, GCA shall not respond to any queries related to whether a bidder's proposal was received.

Submissions requesting GCA to click on links to download documents shall not be accepted. When uploading the Proposal, the first and last name must be the name of the organization submitting the Proposal as shown in the screenshot below.

Please adhere to the following instructions, unless otherwise provided in the relevant Bid Documents. The Submission must be drafted in **English** and contain:

- Proposal Submission/Identification Form (Annex 1)
- A signed **Declaration on Honor** (Annex 2)

- A **Technical Proposal**: Shall contain the “Technical Proposal” and supporting documentation, with clear and concise description of your proposed actions to execute the Scope of Work/Terms of Reference and Deliverables (Annex 3). The Technical Proposal **should not exceed 15 pages (excluding supporting documentation, CVs, and company profile) and 25MB in size for successful delivery**. The GCA will not be held responsible for non-delivery of proposals exceeding 25MB.
- A **Financial Proposal**: Shall contain the “Financial Proposal Form” (Annex 4). The Financial Proposal **should not exceed 10 pages and 25MB in size for successful delivery**. The GCA will not be held responsible for non-delivery of proposals exceeding 25MB.
- **All the supporting documentation** in relation to the evaluation criteria.
- Proposals must be uploaded in **two separate documents**. One containing the Technical Proposal and the other containing the Financial Proposal.
- The Technical Proposal must be named **RFP-GCA-PR-24-611-TECHNICAL Proposal** and no other characters or spacing should be included in the file name.
- The Financial Proposal must be named **RFP-GCA-PR-24-611-FINANCIAL Proposal** and no other characters or spacing should be included in the file name.
- All financial information must **ONLY** be included in the Financial Proposal. No Financial proposals, quotes or any other related financial information should appear in the Technical Proposal.
- Proposals which do not comply with these requirements, e.g. combining the financial and technical proposals in one submission or submitted in any way, other than outlined above, will be rejected.
- In case of a joint proposal, all the partners (except the lead partner) shall submit a **power of attorney**, signed by an authorized representative of each partner, designating the lead partner to represent them and to sign the contract on their behalf in relation to this Request for Proposals.

Late submissions shall be rejected. Non-compliance with the above requirements regarding the presentation of the RFP may lead to the exclusion from the RFP process for this contract.

4.2 Opening of Proposals

The opening of proposals is for the purpose of checking and registering the content of each bid and to determine whether the proposal is complete and meet the minimum content requirements.

There will be no public opening session for the proposals received. Offers will be opened privately by GCA after the closing time specified for the receipt of proposals. No public announcement of the contents of any offer will be made at any time.

5. Evaluation of Proposals and Bidders

The evaluation of bidders and proposals will be done in accordance with the following subsequent steps:

- Verification that the bidder fulfils the Exclusion Criteria in Section 5.1 and that it is not in one of the situations covered by the exclusion criteria listed in EU Directive 2014/24/EU.

- Verification that the bidder has the appropriate capacities to perform the contract based on the Selection Criteria described in Section 5.2 (only for those bidders that were not excluded based on the Exclusion Criteria).
- Evaluation of the bidder based on the Award Criteria described in Section 5.3 (only for those bidders that have met the Selection Criteria). Scoring for each Award Criterion will be conducted using the following scale:
 - Excellent
 - Good
 - Average
 - Below average
 - Poor
- The Evaluation Committee shall evaluate the technical proposals first and shall thereafter open and evaluate the financial proposals of only those bidders whose technical proposals meet the minimum technical score.
- Where individual scoring is adopted, the Evaluation Committee shall discuss scores where there are significant discrepancies prior to computing the average score for each criterion.
- During financial evaluation, where there is a discrepancy between the amounts in figures and in words, the amount in words shall govern. Where there is a discrepancy between the unit rate and the line-item total resulting from multiplying the unit rate by the quantity, the unit rate shall govern, unless in the opinion of the Evaluation Committee there is an obviously gross misplacement of the decimal point in the unit rate, in which case the line-item total shall govern, and the unit rate shall be corrected.

The proposal must comply with the GCA strategic requirements set in this RFP as a precondition to be assessed. In a case of non-compliance with the Exclusion Criteria, the bidder will be informed of the grounds for rejection without being given feedback on the content of the proposal other than on the non-compliant elements.

The evaluation of proposals shall be carried out by an Evaluation Committee made up of representatives of GCA. Any attempt by a bidder to influence the Evaluation Committee in the process of examination, clarification, evaluation, due diligence checks, etc., to obtain information on how the procedure is progressing or to influence GCA in its decision concerning the award of the contract, will result in the immediate rejection of the bidder's proposal.

In the interest of transparency and equal treatment, without being able to modify their proposals, bidders may be required, at the sole written request of the Evaluation Committee (via Procurement), to provide clarifications within 48 hours. Requests for clarification will only seek minor clarifications of information already submitted by the bidder. No modifications to a proposal can be sought or accepted through a request for clarification (except for the correction of arithmetical errors discovered during the evaluation of the proposal).

5.1 Exclusion Criteria

Participation in this RFP is open on equal terms to any natural and legal companies not in any of the situations listed in Article 57 of the EU Directive 2014/24/EU.

Bidders shall provide a Declaration of Honor (see Annex 2), duly signed and dated, including a statement that they are not in any of the situations listed in Article 57 of EU Directive

2014/24/EU. In case of a joint proposal such declaration shall be submitted for each partner. The declaration shall also be submitted for the subcontractors, when relevant.

Besides the submission of the signed Declaration of Honor, the bidder undertakes to inform GCA, without delay, of any changes to their situation in this regard.

Bidders may be excluded from participation in this RFP if they are found to be in one of the situations for exclusion or fail to submit the above-mentioned declaration.

GCA technical supplier who directly contributed to drafting, advising, or assisting in the preparation of the Terms of Reference for this procurement process is ineligible to participate in this RFP.

5.2 Selection Criteria

Bidders will be evaluated against each Selection Criterion based on the documentary evidence submitted by the bidder. Failure to submit the evidence requested will lead to a rejection of the proposal. Bidders will be evaluated against the Selection Criteria on a **pass/fail basis**. Bidders who meet the Selection Criteria will be put on an equal footing for the next stage of the evaluation process based on the Award Criteria.

Bidders shall be evaluated against the following Selection Criteria

- (1) Professional and Legal Capacity
- (2) Financial and Economic Standing
- (3) Technical Standing

(1) Professional and Legal Capacity

| | |
|----------------------|--|
| Criterion | <ul style="list-style-type: none"> • Bidders must be a registered entity in their home country regulatory agency, as and where applicable, for a minimum of 1 year. • All Bidders must have a current team of at least 6 staff members. |
| Documentary evidence | <ul style="list-style-type: none"> • Provide a copy of the statutes/registration of the legal entity (in In case of a joint proposal the company registration shall be submitted for each partner) and evidence concerning the appointment of the persons authorized to represent the Bidder in dealings with third parties and in legal proceedings. |

(2) Financial and Economic Standing

| | |
|----------------------|--|
| Criterion | <ul style="list-style-type: none"> • Have financial resources and overall financial capabilities to perform with sufficient financial and economic standing to guarantee continuous and satisfactory performance throughout the envisaged lifetime of the contract. • Financial capability tests will be run. Liquidity: Current assets/Current liabilities for the last 1 year must be ≥ 1. |
| Documentary evidence | <ul style="list-style-type: none"> • Audited financial statements signed by registered auditor(s), annual reports, or other management approved statements/reports showing the liquidity (assets/liabilities) of the bidder for 1 year in the last 2 fiscal years, which must be submitted in English. |

(3) Technical Standing

|--|--|
| Criterion: Qualification of staff and minimum team structure | <ul style="list-style-type: none"> At least 2 years' experience supporting large firms, institutional bodies and/or governments on IT and web development projects, preferably in the context of spatial data interfaces and climate. |
| Criterion: Relevant subject-matter and project experience | <ul style="list-style-type: none"> The Technical Proposal contains a summary table highlighting a selection of completed projects demonstrated the experience above. |

The bidders who do not meet all the Selection Criteria shall not proceed to the next evaluation stage and their proposals shall not be evaluated further based on the Award Criteria.

5.3 Award Criteria

Proposals will be rated on both technical and financial bases, using the best value for money approach. The selection method will choose the highest rated proposal using the combined scoring method, which assigns the weight distribution between the technical and financial proposals. The overall combined score will be 100 points, the weight distribution shall be 70 points for the technical proposal and 30 points for the financial proposals.

It is important to note that the required Minimum Technical Score for the Technical Proposal is 60% (60 points) on each of the main technical criterion (TC1, TC2, TC3). Only proposals obtaining the Minimum Technical Score or more in each main technical criterion of the Technical Evaluation will progress to the Financial Evaluation.

Technical Proposals scoring less than the Minimum Technical Score will be considered of insufficient quality and shall be rejected. The contract shall be awarded to the top ranked bidder who submitted the most economically advantageous tender based on the best price quality ratio in accordance with the following criteria:

| Award Criterion | Max. Tech. Score | Min. Tech. Score to pass |
|---|------------------|--------------------------|
| TC.1. Specific experience of the firm | 20 | 12 |
| TC.1.1. Experience supporting large firms, institutional bodies and/or governments on IT and web development projects, preferably in the context of spatial data interfaces and climate.. | 10 | |
| TC.1.2. Ability to innovate in the design and development of a tailored IT solutions to display geospatial data | 10 | |
| TC.2. Responsiveness to the TORs and proposed methodology | 50 | 30 |
| TC.2.1. Degree of innovation/ Level of detail of the proposed approach and methodology to fulfil the scope of work | 20 | |
| TC.2.2. Proposed workplan including to secure project's milestones and critical timeline | 20 | |
| TC.2.3. Clarity and presentation of the proposal | 10 | |
| TC.3. Key personnel (qualifications and skills as per TOR) | 30 | 18 |
| TC.3.1. Key Expert 1: Project manager | 10 | |

| | | |
|--|---------------|-----------|
| TC.3.2. Key Expertise 2: Web Design and development experience and skills within the project team | 10 | |
| TC.3.3. Key Expertise 3: GIS specialisation within the project team | 10 | |
| Total Technical Score | 100 | |
| Minimum Technical Score | | 60 |
| Technical Weight | 70/100 | |
| Total Financial Score/Weight | 30/100 | |
| Combined Technical and Financial Score | 100 | |
| Contract Award: Bidder that obtains the highest combined technical and financial score | | |
| Scoring for each Award Criterion will be conducted using the following scale: | | |
| <ul style="list-style-type: none">• Excellent: 90% to 100% of the maximum technical score• Good: 80% of the maximum technical score• Average = 60% to 70% of the maximum technical score• Below Average: 40% to 50% of the maximum technical score• Poor: 0% to 30% of the maximum technical score | | |

Proposals scoring less than the Minimum Technical Score for any main technical award criterion (TC.1, TC.2, TC.3, TC.4) will be considered of insufficient quality and shall be rejected.

For the purposes of the evaluation of the Financial Proposal, the bidder offering the lowest price shall receive the maximum total score of 30 points. The score of all other financial proposals will be calculated using the following formula:

$$\text{Financial score} = (\text{Lowest bid}/\text{Current bid}) \times \text{Maximum points to be awarded}$$

After careful scoring of each bidder's proposal (technical and financial), GCA shall award the contract to the bidder that obtains the highest combined technical and financial score. The decision will be communicated by email to all bidders.

6. RFP Cancellation

GCA reserves the right to cancel this RFP process at any point. GCA shall not be liable for any compensation with respect to interested bidders whose submissions have not been accepted, nor shall it be so liable if it decides not to award the contract.

Cancellation may occur where:

- 1) The RFP procedure has been unsuccessful. For example, where no technically/financially responsive proposal has been received or there has been no response at all.
- 2) The economic or technical parameters of the project have been fundamentally altered.
- 3) Exceptional circumstances or force majeure render normal performance of the project impossible.
- 4) All technically compliant proposals significantly exceed the financial resources available.
- 5) There have been irregularities in the procedure where these have prevented fair competition.

In the event of cancellation of RFP procurement proceedings, bidders will be notified by GCA.

7. Ownership of Proposals Submitted

Any document submitted in reply to this RFP will become the property of GCA and will be regarded as confidential.

8. Liabilities for Errors

GCA, its employees and agents shall not be held liable or accountable for any error or omission in any part of this RFP or response to bidders' questions. While the GCA, and/or its employees and agents have made conscious efforts to ensure an accurate representation of information in this RFP, the information contained in the RFP is supplied solely as a guideline for bidders. The information is not guaranteed or warranted to be accurate by GCA, and/or its employees or agents, nor is it necessarily comprehensive or exhaustive. Nothing in this RFP is intended to relieve bidders from the responsibility of conducting their own investigations and research and forming their own opinions and conclusions with respect to the matters addressed in this RFP. Bidders will be solely responsible to ensure that their proposal meets all requirements of the RFP, to advise GCA immediately of any apparent discrepancies or errors in the RFP, and to request clarification if in doubt concerning the meaning or intent of anything in the RFP.

II – Situations of exclusion concerning natural or legal person with power of representation, decision-making or control over the legal Organization and beneficial owners

| (2) declares that a natural or legal person who is a member of the administrative, management or supervisory body of the Organization, or who has powers of representation, decision, or control with regard to the above-mentioned Organization (this covers e.g., company directors, members of management or supervisory bodies, and cases where one natural or legal person holds a majority of shares) is in one of the following situations: | YES | NO | N/A |
|--|--------------------------|--------------------------|--------------------------|
| Situation (c) above (grave professional misconduct) | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| Situation (d) above (fraud, corruption, or other criminal offence) | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| Situation (e) above (creation of an entity with the intent to circumvent legal obligations) | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

III – Remedial measures

If the Organization declares one of the situations of exclusion listed above, it must indicate measures it has taken to remedy the exclusion situation, thus demonstrating its reliability. This may include e.g., technical, organizational and personnel measures to prevent further occurrence, compensation of damage or payment of fines or of any taxes or social security contributions. The relevant documentary evidence which illustrates the remedial measures taken must be provided in annex to this declaration. This does not apply for situations referred to in point (d) of this declaration.

IV – Evidence upon request

Upon request the Organization must provide information on natural or legal persons that are members of the administrative, management or supervisory body or that have powers of representation, decision, or control, including legal and natural persons within the ownership and control structure and beneficial owners. It must also upon request provide production of recent certificates issued by the competent authorities and/or a recent extract from the judicial record or, failing that, an equivalent document recently issued by a judicial or administrative authority in the country of establishment of the Organization showing that those requirements are satisfied. These documents must provide evidence covering all taxes and social security contributions for which the Organization is liable, including for example, VAT, income/company tax and social security contributions.

V – Final

The signatory declares that the above-mentioned Organization has truthfully provided the information herein.

The above-mentioned Organization shall immediately inform the contracting authority of any changes in the situation as declared.

The above-mentioned Organization may be subject to rejection from the contracting or selection procedure and to legal claims if any of the declarations or information provided as a condition for contracting with GCA prove to be false.

The above-mentioned Organization will comply with the UN Supplier Code of Conduct, to the extent applicable. The code is available on: <https://www.un.org/Depts/ptd/about-us/un-supplier-code-conduct>.

TERMS OF REFERENCE (TOR)

1. Background Information

GLOBAL CENTER ON ADAPTATION

The Global Center on Adaptation (GCA) is an international organization that works as a solutions broker to catalyze action and support for adaptation solutions, from the international to the local, in partnership with the public and private sector, to ensure we learn from each other and work together for a climate-resilient future. Adapting to the impacts of climate change provides a “win-win” for health, livelihoods, food security, water supply, human security, and economic growth. The work of the GCA elevates the visibility and political importance of climate adaptation and facilitates solutions, such as smarter investments, new technologies and better planning to become more resilient to climate-related threats. GCA is a rapidly growing organization with offices in Abidjan, Beijing, Dhaka, Groningen, and Rotterdam.

The GCA has an ambitious 2020-2025 business plan with three pillars:

- Programs and Action: Food Security; Using Nature for more resilient infrastructure; Water for Urban Growth and Resilience; Climate Finance; Youth Leadership
- Knowledge Acceleration: Building adaptation knowledge globally through cutting-edge products such as the State and Trends in Adaptation Report and the Knowledge Exchange Platform
- Agenda Setting and Advocacy: Formulating policy messages to move the global, regional, and local adaptation agendas forward.

The Government of Tanzania, Ministry of Finance, has requested the GCA to provide technical assistance for the development of Tanzania Vulnerability Maps and Dissemination Platform in the context of the Resilience and Sustainability Facility (RSF) approved by the IMF Board on June 20, 2024. These Climate Vulnerability maps will inform key activities in Tanzania, including land-use planning, agriculture, construction, and urban planning.

The present services will be part of GCA technical assistance to the Government of the United Republic of Tanzania for the preparation, publication and dissemination of Climate Vulnerability Maps in Tanzania. GCA is coordinating these activities with Governmental Focal Points at the Prime Minister Office, Disaster Risk Reduction Unit.

2. Objective of the Assignment

The objectives of the assignment is to:

1. **Compile, from existing climate change analysis, GIS maps and hazards indicators** across relevant time horizons, under different climate change scenarios, localized at the district level
2. **Compile, from governmental sources and existing studies, exposure/risk screening data and indicators for key sectors** including existing built-up areas, population, GDP, agriculture, and critical infrastructures.
3. **Develop of a dissemination platform**, for the hosting of maps, hazards indicators across climate-related variables, and exposure/risks level data and indicators. The platform will allow the compiled maps and indicators to be disseminated across governmental agencies in Tanzania in a common applicable format and interactive

spatial interface (website). As part of Governmental requirement, a functional platform pilot is to be delivered in February 2025.

4. **Provide user manuals** for maintaining and updating the platform and the information and hazard risk maps.

Note that GCA will provide capacity building after completion of this assignment, to support the Government using and maintaining the maps, this capacity building program is not part of the present assignment.

Expected input data are further described in the scope of services. The requirements for the development of the dissemination platform should be informed by the initial sector-level needs assessment undertaken by the GCA and presented in the Appendix to these TORs.

3. Scope of the Services, Key Tasks and Activities to be Performed

The activities include two main components, focused on:

1. compiling existing climate change hazard, exposure and vulnerability data and maps for Tanzania, downscaled as much as possible to inform policy planning at the district level.
2. developing and testing a pilot interactive portal and a knowledge data dissemination platform commonly accessible across Ministries in the Government of Tanzania. As part of Governmental requirement, a functional platform pilot is to be delivered in February 2025.

Detailed activities per component are presented below.

Component 0: Inception

Within the first 2-weeks of the present assignment, the selected service provider will confirm its approach for

- data compilation
- platform development, expected to build on existing solutions that can be tailored and across governmental agencies in Tanzania in a common applicable format and interactive spatial interface (website).

Inputs data and data compilation:

A provisional list of relevant climate hazard data and climate hazard maps have been developed for Tanzania as part of a current GCA project and collected in collaboration with Tanzania Meteorological Agency (TMA).

The compilation of climate hazards maps, hazards indicators across climate-related variables, and exposure/risks level data and indicators (objectives 1 and 2) will therefore build, by order of priority, on:

- Data shared by the start of the assignment by the Government of Tanzania and agencies, especially Tanzania Meteorological Agencies, under the coordination of the GCA.
- When no governmental data available, existing results from GCA (ongoing work with IISD, Zutari and KnowlEdge), which will complement the set of available information especially for hazard indicators, exposure, and socio-economic vulnerability analysis.
- Upon review of the data made available at the start of the assignment, the selected service provider will identify any obvious data gaps (critical, not critical) for the platform

development, that will be addressed by the GCA in collaboration with governmental partners in parallel of the assignment's implementation or at a later stage.

Platform development and critical path analysis

From the start of the assignment, the Service provider will secure its critical path path to deliver a functional platform pilot is to be delivered in February 2025, and share a clear proposal of the platform structure, functionalities.

Inception meeting with the GCA and Governmental authorities (online)

Having reviewed the existing climate hazard data, the summary of the initial needs assessment from the relevant ministries, an updated list of climate hazard, exposure and vulnerability data that will be used to develop the climate risk maps for Tanzania will be presented to the GCA and the relevant authorities within the Government of Tanzania at an inception meeting (online). This engagement will also be used to confirm the basic functionality of the climate hazard dissemination portal and the critical path for implementation by February 2025.

The meeting will be organized by the GCA. The Service provider will attend (online) and prepare the summary slide deck or short inception report presenting the data analysis and platform development critical path.

Component 1: Compiling Climate Hazards analysis and risks level indicators

The climate hazard data to be compiled will utilize customized downscaled datasets based on the CMIP6 AR6 models, incorporating scenarios SSP1-2.6, SSP2-4.5, and SSP4-8.5 across Near Future – [2026-2050], Mid Century – [2051-2075], Far Future – [2076-2100] time horizons. The data will be provided by the Tanzania Meteorological Authority (TMA). It will encompass average and extreme rainfall and temperature climate parameters, presented in absolute terms for both current and future conditions, along with relevant anomalies for future periods.

The spatial resolution will be 25 km x 25 km and be presented at annual and monthly time frames where appropriate.

Risk data will adhere to the most recent IPCC standards, categorizing Climate risk into Exposure, Vulnerability, and Hazards components. Exposure data would include for example areas susceptible to river flooding, coastal flooding, or landslide while vulnerability data would include both social, economic and environmental vulnerability. The data should also include the location of critical infrastructure, population, economic activities, and critical ecological infrastructure that is at risk or provide resilience to climate impacts. The data will be presented at the highest available resolution and undergo rigorous quality assessment. Wherever feasible, national custodians have been approached by the GCA to supply the required data, but this may be supplemented by external datasets as needed, with appropriate justifications (see inception phase section on data). Each dataset will include comprehensive metadata and references, and all non-national data will be publicly accessible and free to use. Where national-level data is used, the agency responsible for the maintenance of the data should be identified, to be documented in the platform's user manuals.

Component 2: Dissemination platform development including end-user manuals

The climate hazard, exposure, and vulnerability dissemination platform or portal must serve the needs of the government stakeholders to access climate and vulnerability data in a user-

friendly and efficient manner but also needs to be compliant with government data and hosting specifications.

Below are the conceptual design requirements for the Dissemination Platform. These speak at a high level and can be customized as the project develops, to best leverage existing solutions that can be tailored and across governmental agencies in Tanzania in a common applicable format and fit with the critical path timeline.

The development of a responsive and accessible portal will need to meet the following criteria:

Functional requirements

- The portal design and user experience shall be intuitive, catering for pages containing but not limited to:
 - Interactive Climate Change Hazard, Exposure and Vulnerability web maps (GIS interface)
 - ♣ Standard mapping interface
 - Layers: multiple different climate indicators and/or vulnerability layers. Data will be standard projected geotiff, shapefiles (point, line, polygon), and csv for time series data
 - Map capability
 - toggle layer on and off
 - enable transparency of layers
 - change layer order
 - layers to be queryable
 - query time series in CSV at a location
 - several options for online base layers including license-free imagery, topography, etc.
 - download layers with metadata
 - export colour mapping and symbology
 - zoom in and out
 - legends, scales, north arrow, grids/graticules
 - maps can be downloaded
 - ♣ Custom interface (advanced users with special login) – custom requirements
 - Everything from the simple interface
 - Upload their own sensitive data, either directly on the custom interface or through the Tanzanian eGA or NBS for data to be available to all users
 - Add in different information outside of the standard sectoral data
 - Customize and save map views
 - Possibility to make the uploaded data available to all users, or keep it only within the custom interface
 - Possibility to Archive outdated layers
 - Feedback button to send data requests or bug reports to the data owner/administrator
 - Document data especially Climate change vs meteorology information
 - Display links to other resources in the custom interface, with the possibility to choose visibility to all users or only to selected users in the custom interface

- Data access to shared content
- Data updating instructions, that will also be documented in the end-users manual
- Data custodian's contact information
- Content should be easily updatable by the portal administrator
- Security features should include:
 - Portal security will enable access through user-level authentication
 - Data protection capability through a permissions model managed by the data owner (Government of Tanzania, PMO, DRM unit)
- Performance and operations
 - The portal should be built on technology that supports further development and enhancement to current functionality.
 - Portal performance should be optimized for fast loading times and enhanced user experience.
 - Capable of good to high uptime. Maintenance will be performed by the Government of Tanzania from the point the tool is hosted in the government's servers, and the user manual are delivered.
 - The portal should not be subject to any software license fees.
 - Needs to be easy to update data through an NBS (National Bureau of Statistics) and/or eGA - e-Government Authority). A dedicated and simple procedure documentation should be included in the end-users manual.
 - A comprehensive user manual for technology and data updates will be provided.
- Modularity and robust design
 - The platform will be developed as a backbone that can be built upon over time by governmental stakeholders, especially with ability to add functionalities, and data layers, over time, ensured through modular and robust IT design.

Tanzania hosting and data compliance requirements

The portal will need to follow e-Government Authority the technical guidelines noted in [Technical Standards and Guidelines for Public Institutions' Website](#) and [e-Government Guidelines](#). These sources focus on guidelines for public institutions' websites in Tanzania and offer relevant insights for building any government-facing online platform. The key requirements extracted from the sources for building an online climate data portal in Tanzania, based on these general guidelines, are:

- **Domain Name:** The portal should have a registered domain name adhering to the Government Domain Name Standards, likely ending in .go.tz.
- **Hosting:** The portal must be hosted in Government Approved Hosting Facilities that meet security and performance standards. This includes:
 - Secure servers with high bandwidth
 - High technical specifications for processing power (CPU, RAM)
 - Professional customer and technical support
 - Support for Windows and Unix operating systems
 - High server uptime and offsite backups
 - Secure Control Panel and Website Management Tools
- **Backup:** Regular backups of the portal and its data are essential, with offline copies stored securely, preferably in a secondary government-approved hosting facility.
- **Security:** The portal should have robust security measures in place, including:
 - Multi-factor authentication for remote administration

- o Strong, regularly updated passwords for the cPanel
- o Thorough security testing of the network, databases, and servers
- o Adherence to the e-Government Security Policy and Architecture Technical Standards
- o Implementation of a Disaster Recovery Plan
- **Usability and Accessibility:**
 - o The portal should adhere to Web Content Accessibility Guidelines (WCAG) version 2.1 to ensure accessibility for users with disabilities.
 - o Design should avoid blinking text, flashing objects, and scrolling elements.
 - o Clear and descriptive page headings, alternative text for images, and distinct visual cues for links are crucial.
 - o Font size should be adjustable, and sufficient colour contrast between foreground and background is necessary for readability.
- **Discoverability:** The portal should be optimized for search engines to ensure easy discoverability by users. This includes attention to website design, menus, content management, and multimedia elements.
- **Browser Compatibility:**
 - o The portal should be compatible with popular web browsers like Chrome, Firefox, Safari, and Edge to ensure consistent functionality and display.
 - o Responsive design is highly recommended to provide an optimal viewing experience across various devices.
- **Content Management System:** A dedicated web content management system is needed for efficient content updates and maintenance.
- 4. **Languages:** The portal should offer content in both Kiswahili (opening page and navigation contents) and English, with Kiswahili as the default language.
- 5. **Open Government Data:** The portal should feature a "Publications" section to showcase appropriate open government data, such as reports, speeches, statistics, Acts and regulations.
- 6. **Information Accuracy and Currency:** Content should be accurate, up-to-date as per the pilot development date, and well-organized.
- 7. **Data Ownership and Licensing:** While not explicitly mentioned in the sources, data ownership and licensing are crucial considerations. The portal should clearly state:
 1. The data owner(s)
 2. The applicable data license, ideally an open license to promote data reuse
 3. Any restrictions or conditions on data use

Once developed the pilot dissemination platform must be demonstrated to the relevant government ministries for testing and following this recommendations will be made for further development of the portal in terms of potential for additional functionality, if compatible with above requirements, and new data layers.

Consultation with eGA to host the platform within Government's servers and systems:

Collaboration with the e-Government Authority (eGA) is recommended throughout the development process to ensure compliance and best practices. Coordination with eGA will be initiated and facilitated by the GCA.

Furthermore, there will be a requirement for support during the deployment as well as for 6 months after as the system is installed and bugs are detected.

4. Expected Outcome and Deliverables

The overview of deliverables is provided below. All are to be delivered in **English and Kiswahili** (for the text embedded in the platform, especially welcome and authentication pages and navigation buttons).

Table 1. Overview of deliverables with timeline and deadlines

| Deliverables | Timeline |
|---|--|
| Start of the assignment | November 21 (target) |
| D0. Inception Report including updated conceptual design specifications and requirements for the dissemination platform and critical path to delivery. | November 29 (target) |
| D1. Spatial overlays (structured set of GIS files) of climate hazard data, exposure, and vulnerability level (disaster loss at risk) | December 2024 |
| D2. Populated Dissemination pilot platform including Vulnerability Maps and all indicators developed for dissemination by the Government of Tanzania | February 2025 Deadline: Feb 28 2025 |
| D3. Final platform | March 2025 |
| D4. End-user manual and guidelines for using, maintaining and updating the platform and information displayed | March 2025 |
| D5. Continuous support to the Government for hosting the platform in Governmental servers, deployment, and addressing bugs within the first 6 month after platform delivery | March – September 2025 |

Bidders are expected to include in their proposed work plan a more detailed breakdown of the timeline in weeks or days, as appropriate.

5. Institutional and Organization Arrangements

The selected service provider will report to the GCA, which will ensure coordination with the Focal point from the Government of Tanzania for the implementation of the Climate Vulnerability Maps.

6. Qualifications

The candidate or firm must possess advanced skills in GIS and online portal development, with a minimum of 5 years of experience in IT development for Climate data and risks maps handling. They should also demonstrate expertise in optimizing systems for hosting large databases.

The candidate or firm should possess proficiency in leading GIS technologies such as ArcMap and QGIS, along with demonstrated expertise in some of the Esri, Mapbox, GeoServer, Tableau, Leaflet, and relevant GIS cloud services.

Qualifications of the Firm

The firm is required to be experts in developing customized online interfaces, particularly with strong geospatial customization in the context of global and downscaled climate variables and indicators. The firm will be able to demonstrate a track record of completed projects.

Qualifications of Staff

- Project Manager

- o Education: Bachelor’s degree in Business, Management, or a related field.
- o Certifications: PMP (Project Management Professional)
- o Experience: Several years of experience in project management, preferably in IT or web development projects, in the context of climate modeling and climate hazards, vulnerability and risks data handling.
- Web Designers
 - o Education: Degree or diploma in Graphic Design, Web Design, or a related field.
 - o Certifications: Certified Web Professional
 - o Experience: Proficiency in HTML, CSS, JavaScript, and design tools like Adobe Photoshop and Illustrator2.
- Web Developers
 - o Education: Degree in Computer Science, Web Development, or a related field.
 - o Certifications: Certified Web Development Professional
 - o Experience: Experience with front-end (HTML, CSS, JavaScript) and back-end technologies (Node.js, Python, Ruby).
- GIS Specialist
 - o Education: Bachelor’s Degree in Geography, Cartography, Computer Science, Environmental Science, or a related field
 - o Certifications: Certified GIS Professional
 - o Experience: Practical experience in GIS projects, including data collection, analysis, and map creation

7. Location

The assignment can be carried out remotely with online meetings, and one in-person mission to Tanzania (Dodoma, Dar es Salam) is required to demonstrate and test the dissemination portal.

8. Duration/Period

The assignment is expected to be completed within 4 months, with a hard deadline for final deliverables as indicated in Table 1, and a 6-months post-delivery availability to address technical IT issues after the platform launch.

9. Services and Facilities to be provided by GCA

GCA will provide the inputs as described in the detailed activities (section **Scope of the Services, Key Tasks and Activities to be Performed**) and ensure the coordination with the Government of Tanzania Focal Point for the implementation of Climate Vulnerability Maps.

No other facilities or equipment/software will be provided by the GCA.

10. Services and Facilities to be provided by the Consultant

The selected service provider is expected to provide all means required to achieve the scope of services and deliver the assignment, including their own office space, laptops, and software.

11. Annexes

Vulnerability data that will be supplied to be included in the portal

| Data | Format type |
|-------|----------------------|
| Roads | shapefile - polyline |

| | |
|--|---|
| Rail | shapefile - polyline |
| Ports | shapefile - point |
| Airports | shapefile - point |
| Critical infrastructure(police, hospitals, clinics, fire stations, schools, etc) | shapefile - point |
| Population density | geoTiff (raster) or census data in shapefile - polygons |
| Elevation data | geoTiff (raster) |
| Terrain Slope | geoTiff (raster) |
| Crop areas | geoTiff (raster) or shapefile - polygons |
| Landcover | geoTiff (raster) |
| Borders - admin areas | shapefile - polygons |
| River network | shapefile - polyline |
| Dams | shapefile - polygons |
| Forest areas | shapefile - polygons |
| Protected areas | shapefile - polygons |

Climate data supplied by the TMA includes geoTiff (raster) Precipitation, Maximum Temperature, and Minimum temperature for SSP1-2.6, SSP2-4.5, and SSP5-8.5 for Near Future – [2026-2050], Mid Century – [2051-2075], and Far Future – [2076-2100]

Additionally, geoTiff (raster) climate data that will be supplied will include but are not limited to, the more extreme climate indicators of Peak monthly rainfall, 1 and 5-day peak rainfall, rainfall intensity index, days over 20mm and rainfall triggered landslides, and drought index. Temperature hazards include peak monthly temperature, warm spell duration, hot days above 35°C and hottest single day. These data will be for SSP2-4.5, and SSP5-8.5 for 1995-2014 and 2020-2039. Additional data may be added as the need arises, to be flagged and discussed during the inception phase.

Annex 4: Financial Proposal Form

The Financial Proposal must include two parts, otherwise it will be deemed as non-compliant:

Part 1 - The exact template provided below, including the declarations underneath (without any changes to the wording) and the signature of the authorized representative.

Part 2 - A separate itemized cost breakdown of the firm fixed price covering the entire Scope of Work (SOW)/Terms of Reference (TORs).

The abovementioned two parts (Part 1 and Part 2) **must** be sent in one consolidated document.

Part 1:

Bidders are required to complete this Financial Proposal Form. No other forms are accepted by the GCA. Failure to submit the Financial Proposal using this Financial Proposal Form is deemed to be **non-compliant** and the bidder's Financial Proposal **shall not** be considered for further evaluation.

Proposed Payment Schedule

1. **First payment:** 30% of the Fee after completion of Deliverables D-0 TO D-1 by the Consultant and acceptance by GCA;
2. **Second payment:** 30% of the Fee after completion of Deliverables D-2 by the Consultant and acceptance by GCA;
3. **Third payment:** 30% of the Fee after completion of Deliverables D-3 & D-4 by the Consultant and acceptance by GCA;
3. **Final payment:** 10% of the Fee after completion of Deliverable D-5 and all Deliverables and the final result are achieved by the Consultant and accepted by GCA.

I, the undersigned, declare and confirm that the submitted Total Firm Fixed Price is:

1. In Euros,
2. Fixed and not subject to revision,
3. Economical, in line with prevailing market rates and/or the approved professional charges,
4. Independent of exchange rates,
5. Inclusive of all costs directly and indirectly related to the performance of the contract (e.g. taxes, management fees, travel costs, per diem allowances/DSA, International flights, airport transportation, insurance, profit, training expenses, communication costs, social costs, overheads, administrative costs, printing, rent, office expenses, shipment of personal effects, contract management costs, etc.), and
6. Exclusive of VAT.

Furthermore, I declare that should the Global Center on Adaptation (GCA) discover any contravention of this declaration before contract award, during contract execution, or after contract completion, I (the undersigned) hereby give the Global Center on Adaptation full authority to:

- Reject our offer and withdraw from awarding us a contract without financial consequences to GCA;
- Terminate the contract without further communication;
- Exclude us/me from participating in future procurement opportunities.

CONTRACT NO. [INSERT NUMBER]
BETWEEN
THE GLOBAL CENTER ON ADAPTATION
AND
[CONTRACTOR]
FOR
[CONTRACT TITLE]

This Contract is entered into between the **Global Center on Adaptation**, a foundation, incorporated under Dutch law, having its headquarters at Antoine Platekade 1006, 3072 ME Rotterdam, The Netherlands (hereinafter referred to as the “**GCA**”) duly represented by Prof. Dr. Patrick Verkooijen and **[Contractor]**, registered at [Contractor’s address] and duly represented by [Contractor’s authorized representative] (hereinafter referred to as the “**Contractor**”). The GCA and the Contractor are collectively referred to herein as the “Parties”, and individually as a “Party”.

WITNESSETH

WHEREAS:

- a) The GCA acts as a solutions broker, bringing together governments, the private sector, civil society, intergovernmental bodies, and knowledge institutions that can accelerate adaptation action;
- b) Related to the above-mentioned mission, the GCA indicated a necessity for services related to **[Contract title/description of the services]**;
- c) The Contractor represents that it possesses the requisite knowledge, skill, personnel, resources and experience, and that it is fully qualified, ready, willing and able to provide such services in accordance with the terms and conditions set forth in this Contract;
- d) The Parties elect to enter into a contract only on the basis of a contract for services within the meaning of Article 7:400 and further of the Dutch Civil Code (*BW*);
- e) The Parties explicitly acknowledge that they do not elect to enter into an employment agreement within the meaning of Book 7610 and further of the Dutch Civil Code;
- f) The Parties explicitly acknowledge that a fictitious employment (*"fictieve dienstbetrekking"*) of homeworkers (*"thuiswerkers"*) or equivalent workers (*"gelijkgestelden"*) as referred to in Articles 2b and 2c of the Implementing Decree Wage Tax Act 1965 (*Uitvoeringsbesluit Loonbelasting 1965*) and Articles 1 and 5 of the Decree of December 24, 1986, Stb. 1986, 655 are out of scope and therefore agree upon this contract before payment;

- g) This Contract is consistent with the model contract ("*modelovereenkomst*") published by the Dutch Tax Authorities (DTA) on 29-02-2016 under number 9015550000-06-2;
- h) The Parties wish to set out the terms and conditions of their agreements in this contract (hereinafter referred to as the "**Contract**").

NOW THEREFORE, in consideration of the mutual promises and covenants herein contained, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

ARTICLE 1

Contract Documents

1.1 This document, together with the Annexes attached hereto and referred to below, all of which are incorporated herein and made part hereof, constitute the entire contract between the GCA and the Contractor for the provision of [**Contract title/description of the services**] (the "Contract" or this "Contract"):

| | |
|----------|---|
| Annex 1 | Statement of Acknowledgment |
| Annex 2 | Declaration on Honor |
| Annex 3 | Terms of Reference/Statement of Work/Specifications |
| Annex XX | Xxxx (Other necessary Annexes) |

1.2 The documents comprising this Contract are complementary of one another, but in case of ambiguities, discrepancies or inconsistencies between or among them, the following order of priority shall apply:

- 1.2.1 This document,
- 1.2.2 Annex 1 – Statement of Acknowledgment,
- 1.2.3 Annex 2 – Declaration on Honor, and
- 1.2.4 Annex 3 – Terms of Reference/Statement of Work/Specifications
- 1.2.5 Annex XX – Xxxx (Other necessary Annexes)

1.3 This Contract embodies the entire agreement between the Parties regarding the subject matter hereof and supersedes all prior representations, agreements, contracts and proposals, whether written or oral, by and between the Parties on this subject. No promises, understandings, obligations or agreements, oral or otherwise, relating to the subject matter hereof exist between the Parties except as herein expressly set forth.

1.4 Any notice, document or receipt issued in connection with this Contract shall be consistent with the terms and conditions of this Contract, and in case of any ambiguity, discrepancy or inconsistency, the terms and conditions of this Contract shall prevail.

1.5 The following documents are referred to in this Contract only as aids in interpretation of the rights and obligations of the Parties under the Contract but shall not be

construed, for any purposes or under any circumstances, as creating any such rights or obligations:

- 1.5.1 Request for Proposal GCA-PR-2X-XXX dated DD MMM YYYY,
- 1.5.2 Addenda No. XX, XX dated DD MMM YYYY, DD MMM YYYY respectively,
- 1.5.3 The Contractor's proposal/bid in response to Request for Proposal GCA-PR-2X-XXX.

1.6 The documents referred to in Article 1.5 above are not attached hereto but are known to, and in the possession of, the Parties.

ARTICLE 2

The Services

- 2.1 Contractor is obliged to provide the services as referred to in the preamble sub b and further specified in **Annex 3** (hereinafter referred to as the "**Services**").
- 2.2 The output of the Services to be provided by the Contractor to the GCA is hereinafter referred to as "**Deliverables**".

ARTICLE 3

Execution of Services

- 3.1 The GCA instructs the Contractor to perform the Services and the Contractor accepts the full responsibility to perform the Services, according to the terms and conditions of this Contract, correctly and in time as per the starting date.
- 3.2 The Contractor shall be at liberty to perform the Services to its sole discretion, subject to the terms and conditions under the Contract. Where applicable, the GCA will facilitate Contractor in the needed cooperation with others in order to perform the agreed Services.
- 3.3 The Contractor shall execute the Services autonomously. The Contractor is fully independent in performing the Services without supervision or guidance of the GCA and shall be entitled to perform the Services as it sees fit. The Contractor is an independent contractor, and not an employee of the GCA, within the meaning of all applicable laws and regulations. The Contractor shall determine the method, details, and means of performing the Services in accordance with this Contract. The GCA can only give directions and instructions concerning the results and deliverables of the Services.
- 3.4 The Contractor shall diligently and faithfully, to the best of its ability, perform the Services and shall exercise all necessary skill, care and diligence to be expected from a properly qualified, competent and professional contractor experienced in performing services in the nature similar to the Services to be performed under this Contract. The Contractor shall be available to the GCA for the duration of the Services and the term of this Contract.

- 3.5 The Services will be performed at the Contractor's office or at the residential address of any of its employees. Progress meetings will take place remotely or at GCA's office as outlined in the description of the Services.
- 3.6 The Contractor shall arrange for his/her own office facilities and arrangements which are necessary for efficiently performing the Services, including but not limited to desk space, ICT hardware, communications equipment, telephone subscription, internet connection, etcetera and shall supply all labor, tools, materials, and equipment needed to perform the Services at its own expense.
- 3.7 The Contractor shall inform GCA's contact person about the progress of the Services and about any relevant development and/or irregularity in relation thereto.
- 3.8 The Contractor undertakes to inform GCA as soon as it becomes aware of any facts or circumstances that may entail that it is not available to (partly) perform the Services. In case of inability to perform the Services, Contractor shall inform GCA promptly about the reasons and the expected duration thereof. No fee or any (other) reimbursements or compensation will be due by GCA in case (i) no Services have been carried out by Contractor (over the subject period), or (ii) Services do not comply with the terms and conditions of this Contract. Prepayments, if any, paid by GCA to the Contractor for Services not performed, will be duly paid back by the Contractor to GCA at its first request.
- 3.9 The GCA will provide Contractor with the mandate to use the information needed to perform the agreed Services satisfactorily.

ARTICLE 4

Duration of the Contract

- 4.1 The Services will start on **[Date]** (hereinafter referred to as the "Effective Date") and finish on **[Date]**. Time is of the essence for the performance of the Services which shall be performed in strict accordance with the schedule of delivery as provided in Annex 3.
- 4.2 The Contractor will be explicitly allowed to enter into service contracts and/or perform activities for other third parties.

ARTICLE 5

Fee, Invoice and Payment

- 5.1 Subject to the terms of this Contract, GCA will pay the Contractor a fixed fee of € **[amount] exclusive of VAT** (hereinafter referred to as the "**Fee**") for the satisfactory performance of the Services. The Fee shall be deemed to be inclusive of (i) compensation for performing the Services and complying with all requests, including professional fees, and (ii) all costs incurred by the Contractor during the performance of Services, including reimbursable costs. The Contractor undertakes to pay all applicable taxes, duties, fees, levies and other impositions and will indemnify GCA

against any cost, claim, expense, damage or liability in respect of any failure by the Contractor to do.

- 5.2 Invoicing for the Services will be carried out by the Contractor in accordance with the following schedule:
- 5.2.1 **First payment:** [XX] % of the Fee after the acceptance of GCA as per Article 6 of this Contract of the delivery of Deliverable 1 as laid out in **Annex XX**;
 - 5.2.2 **Second payment:** [XX] % of the Fee after the acceptance of GCA as per Article 6 of this Contract of the delivery of Deliverable 2 as laid out in **Annex XX**;
 - 5.2.3 **Final payment:** The remaining amount of the Fee after all deliverables and the final result as described in **Annex XX** are successfully achieved by the Contractor and accepted by GCA as per Article 6 of this Contract.
- 5.3 All invoices shall bear a clear description of activities performed and deliverables achieved. Evidence of deliverables shall be attached to the invoice, if applicable.
- 5.4 The GCA retains the right to request additional details related to the performance of the Services by the Contractor if it deems this necessary. The Contractor agrees to provide all reasonable information.
- 5.5 In case of an audit of GCA's expenses related to the Services, the Contractor shall cooperate fully and shall respond to all of the GCA's and the auditor's requests for information truthfully and timely. The Contractor shall grant the auditor access to its premises if this is necessary to conduct the audit.
- 5.6 All invoices must be addressed to: The Global Center on Adaptation, Antoine Platekade 1006, 3072 ME Rotterdam and shall be sent by email to finance@gca.org.
- 5.7 Subject to the approval by the GCA, the invoices of the Contractor shall be paid by GCA within thirty (30) calendar days of receipt.
- 5.8 The GCA will transfer the payments to the following Contractor's bank account:

| | |
|---------------------------------------|--|
| Bank account holder's full name: | |
| Name and address of recipient's bank: | |
| Recipient's account number/IBAN: | |
| Recipient bank's SWIFT or BIC code: | |
| Recipient bank's routing information: | |
| Bank account currency: | |

- 5.9 Without prejudice to any other rights or remedies to which GCA may be entitled under this Contract, in the event of delayed delivery of Services or insufficient or inadequate performance by the Contractor of its obligations under this Contract, GCA shall be entitled to adjust the Fee, the respective dates of payment and the schedule of the Deliverables to reflect the actual progress of the Services.

ARTICLE 6

Deliverables

- 6.1 Upon the delivery of the Deliverables or any portion thereof in accordance with Article 2, GCA will evaluate the same whether to accept or reject.
- 6.2 If the Deliverables or any portion thereof fails GCA's acceptance test, the GCA will inform the Contractor of the reasons for such failure. The Contractor will endeavor to identify and remedy the cause for any such defects within the due dates as set out in the description of the Services, or another such period as may be agreed between Parties. The Contractor will re-deliver the Deliverables or any portion thereof to GCA. GCA will repeat the acceptance test and will inform the Contractor of the result thereof.
- 6.3 If following the procedure set out in Article 6.2 any Deliverables or portion thereof fails in a material respect to pass any repeated acceptance test, then Parties may agree:
 - 6.3.1 To repeat the procedure set out in Article 6.2; or
 - 6.3.2 To engage a third party with equivalent industry experience to identify and rectify any defects, the costs of which shall be borne by the Contractor; or
 - 6.3.3 To terminate this Contract on immediate written notice and the GCA shall owe the Contractor no further payments in respect of the rejected Deliverables and any prepayments relating to these undelivered Deliverables shall be paid back by the Contractor to GCA.

ARTICLE 7

Representations and Warranties

- 7.1 The Contractor shall complete and sign the Declaration on Honor attached to this Contract as **Annex 2**.
- 7.2 Contractor warrants that none of the situations of exclusion, as described in Sections I and II of the Declaration on Honor (**Annex 2**), applies.
- 7.3 Contractor warrants that all relevant contributions for national and employees' insurance and other taxes to which it is (or: could be held) liable in the Netherlands and/or in any other country will be paid within the relevant time-limits set.
- 7.4 Parties warrant that at the date of this Contract there exists no fact or event which would preclude the Party from entering into this Contract or carrying out its obligations under this Contract.
- 7.5 Contractor warrants that for a 90-day period from the final payment under this Contract (hereinafter the "**Warranty Period**"), the Deliverables shall be free from material defects. If, during the Warranty Period, the GCA believes that there is a breach of this Article 7.5, then GCA will notify the Contractor in writing, setting forth the nature of such claimed breach. The Contractor shall, at no additional charge to GCA,

promptly take such action as may be reasonably required to correct such breach within the period of time that GCA determines at its sole discretion.

- 7.6 Contractor warrants that the Services provided hereunder, and the Deliverables delivered to GCA shall not infringe or violate the intellectual property rights or any common law right or any personal, proprietary, or other right of any kind whatsoever of any person, firm or third party.
- 7.7 Contractor warrants that the Services will be provided in accordance with all applicable laws, regulations and industry guidelines as applicable from time to time.
- 7.8 Contractor warrants that it shall only process GCA's data in order to perform its obligations under this Contract and shall only process the data in accordance with the General Data Protection Regulation (GDPR) and other applicable privacy regulations.
- 7.9 The Contractor shall not, and shall procure that its employees, agents, subcontractors and representatives shall not offer, solicit, make or accept any payments or advantages of any kind whatsoever or transfer anything of value, whether directly or indirectly, to any government official, person or entity in order to influence any decision, obtain or retain business, secure any improper advantage and/or otherwise in connection with this Contract.
- 7.10 The Contractor warrants that it shall not commit any other act which shall be unlawful under, and/or in contravention of, applicable anti-bribery laws and international anti-corruption treaties.

ARTICLE 8

Indemnification

- 8.1 The Contractor shall indemnify, defend, to the fullest extent possible under applicable law, including reasonable attorney's fees and expenses, and hold harmless the GCA against all claims, fines, suits, losses, costs and damages in connection with and/or resulting from any default in relation to Article 7.
- 8.2 The Contractor shall further indemnify, defend, to the fullest extent possible under applicable law, including reasonable attorney's fees and expenses, and hold harmless the GCA against all claims, fines, costs, suits, losses, and damages in connection with or arising from (i) any act or omission to act in relation to the Services, unless such act or omission to act directly results from any act of the GCA for which it can be seriously blamed, or (ii) any breach of this Contract or any applicable national or international law by the Contractor or by those for whom it is responsible. The Contractor waives any entitlement pursuant to article 7:658 sub 4 (*BW*) Dutch Civil Code.
- 8.3 Without prejudice to any other rights set out in this Contract, each Party (hereinafter the "**Indemnifying Party**") hereby agrees to indemnify, defend and hold harmless the other Party (hereinafter the "**Indemnified Party**") from and against any and all losses

arising out of or in relation to third-party claims of any kind which, if proven by a non-appealable decision by the courts, would constitute a breach of the warranties made by the Indemnifying Party.

- 8.4 If a claim is made that may give rise to a claim for indemnity under this Article 8, then the Indemnified Party shall notify the Indemnifying Party of such claim immediately, give the Indemnifying Party all reasonable co-operation and shall not negotiate the claim without the consent of the Indemnifying Party in writing.
- 8.5 Should changes occur during the term of this Contract that are (or could be) relevant to the assessment of the legal relationship between the Parties for tax purposes, national insurance and/or civil law, the Contractor shall inform GCA immediately in writing.

ARTICLE 9

Confidentiality and Marks

- 9.1 The Contractor shall keep confidential and shall not, during the performance of the Services or at any time after the expiry or termination of this Contract, disclose to any person or make use of (i) any agreements, financial information, correspondence, documents or other information relating to the GCA which the Contractor has obtained during the course of this Contract or the provision of the Services, or (ii) any other confidential information which the Contractor has obtained in the course of this Contract or the provision of the Services, or (iii) any information contained in this Agreement, in each case without the prior written consent of the GCA. The Contractor undertakes to take sufficient measures to ensure confidentiality with respect to all business data and information of GCA and/or of its business partners, unless (i) the use or disclosure of this information and data is necessary for the proper performance of the Services, or (ii) such information and data have become generally known without this being due to breach of the duty of confidentiality, or (iii) the disclosure of such information is required by court order or any other legal process.
- 9.2 The Contractor undertakes to use the data and information referred to in Article 9.1 only to perform the Services.
- 9.3 If the Contract is terminated or dissolved, or upon any reasonable request of the GCA, the Contractor must ensure that all materials, electronic media, documentation and other information that includes data and/or information made available by the GCA shall be returned to the GCA immediately and all digital or other copies are destroyed, deleted and removed.

ARTICLE 10

Intellectual, Industrial and Proprietary Rights

- 10.1 All right, title and interest in the Deliverables, including any products, methods, works and/or materials developed by the Contractor, in whole or in part, during or in connection with this Contract, shall automatically vest in the GCA upon creation and the GCA shall be the sole and unlimited owner thereof and of rights therein throughout

the world perpetually. GCA shall retain all such rights therein, including but not limited to statutory copyrights, and all renewals thereof, as a copyright author and proprietor.

- 10.2 The Contractor agrees to execute and deliver, and to use maximum endeavors to cause any subcontractor to execute and deliver, to GCA any and all materials, instruments, source documents, designs, instructions and codes reasonably required by the GCA in connection with the use, adaptation, execution and enjoyment of the Deliverables and of the GCA's rights therein and thereto.
- 10.3 Contractor undertakes to do everything necessary to ensure that all existing and any future Intellectual and/or Industrial Property Rights pertaining to the Deliverables are (and remain) vested with GCA or with third party designated by the GCA. The Fee or rates that Contractor charges to GCA in the context of the Contract shall be deemed, in as far as necessary, to include payment for these Intellectual and/or Industrial Property Rights. To effect this transfer, the following acts must at any rate be performed: by signing the Contract, Contractor transfers to GCA all existing and future Intellectual and/or Industrial Property Rights to existing and future Deliverables and the results of the Services.
- 10.4 Insofar as these acts prove not to ensure that all Intellectual and/or Industrial Property Rights are transferred to the GCA, the Contractor undertakes, if the situation arises, to do everything possible to effect the transfer, without the Contractor being allowed to attach further conditions to its cooperation. As long as this has not been done, Contractor hereby gives the GCA: an irrevocable authorization to exercise and protect the powers arising from the relevant Intellectual and/or Industrial Property Rights in and out of court; an exclusive, royalty-free, transferable, irrevocable, perpetual, and worldwide license, to use all Deliverables and all Intellectual and/or Industrial Property Rights pertaining thereto.
- 10.5 Notwithstanding the foregoing, insofar as Contractor has made any material available to GCA, to which material Contractor has Intellectual and/or Industrial Property Rights, Contractor states that it shall grant GCA a non-exclusive and non-transferable right to use this material.
- 10.6 The Contractor shall hold or obtain all consents, permissions and/or clearances in third-party intellectual property rights necessary to enable it to perform the Services. The Contractor shall be liable for any violation of legal provisions or rights of third parties in respect of all rights used in the Deliverables or during the performance of the Services. The Contractor, to the extent permitted by law, agrees to indemnify and hold harmless the GCA from all claims and causes of action asserted by third parties based on (alleged) Intellectual and/or Industrial Property Rights or on any other basis.
- 10.7 It is acknowledged and agreed by the Parties that GCA owns all property rights and may use, adapt, add to and subtract from the Deliverables and combine these with other artistic or literary material and to publish the result by any means, it being understood that the Contractor (including its employees and subcontractors) hereby

waives and agrees not to exercise or enforce any so-called “moral rights” which may now or may hereafter be recognized.

- 10.8 GCA grants Contractor a non-exclusive, non-transferable, non-assignable and limited right and license to use the following only to perform the Services in accordance with this Contract: The GCA’s trademarks, trade names, tag lines logos or service marks and any information made available to the Contractor by the GCA.

ARTICLE 11

Termination of the Contract

- 11.1 In addition to the statutory provisions pertaining to termination, in the cases below, without judicial intervention or further notice of default, whole or partial termination of this Contract shall be possible, with immediate effect, by:
- 11.1.1 Either Party, if the other Party becomes insolvent, has applied for a suspension of payment, or that other Party has been adjudicated bankrupt;
 - 11.1.2 Either Party, if the other Party is prevented by force majeure from complying with its obligations wholly or in part for a period of three months or more;
 - 11.1.3 Either Party, if the other Party discontinues its business operations;
 - 11.1.4 The GCA, if the Contractor, after a written demand from the GCA allowing a reasonable time for compliance, still fails attributable to comply promptly, properly or at all with any obligation under this Contract;
 - 11.1.5 The GCA, if there is any doubt about the reliability and/or integrity of the Contractor, resulting from the screening process including but not limited to, for example, the condition that it has been determined that the Contractor has been involved in serious incidents or irregularities with previously contracted persons, clients, employers and/or on previous assignments;
 - 11.1.6 The GCA, if one or more of the exclusion criteria mentioned in section I or section II of the signed Declaration on Honor becomes true for the Contractor.
- 11.2 Termination of this Contract shall not affect the other rights and/or recovery possibilities of the Party terminating it.
- 11.3 In the event of termination by GCA due to the fault of the Contractor, the GCA shall withhold and deduct from payment to Contractor the amount reasonably deemed necessary to complete the Services and deliver the Deliverables.
- 11.4 Unless and to the extent otherwise specified in this Contract, on the termination of this Contract for any reason, the GCA shall be responsible for paying the part of the Fee for Deliverables that have been accepted by the GCA up to and including the effective date of termination.
- 11.5 In the event that either Party wishes to terminate this Contract, a 30-day notice period will be taken into account by both the Contractor and the GCA, except for the situations mentioned in Article 11.1 above.
- 11.6 The following Articles shall survive any termination, cancellation or expiration of this Contract, together with any other provisions herein that by their nature shall survive:

Article 7 (Warranties), Article 8 (Indemnification), Article 9 (Confidentiality and Marks), Article 10 (Intellectual, Industry and Proprietary Rights), Article 14.8 (Notice) and Article 15 (Applicable Law).

ARTICLE 12

Liability

12.1 In case the Dutch Tax Authorities and/or the Implementing Authority with regard to social security (*Uitvoeringsinstelling, "UWV"*) decide(s) that one or more of the invoices paid under this Contract are subject to wage tax and / or social security contributions, GCA shall levy the statutory deductions due and these shall be borne by Contractor, except for the premiums in respect of employees' insurances (*premies werknemersverzekeringen*) and the income dependent contribution pursuant to the Act on Insurance for Care (*inkomensafhankelijke bijdrage Zorgverzekeringswet*). From that moment all the fees involved will be considered as (gross) wages including holiday allowance and be reduced to the level where payment without wage taxes and/ or social security contributions can take place.

ARTICLE 13

Sickness and Inability to Work

13.1 The Contractor agrees to bear the risks pertaining to the Services, including sickness and inability to work, and if the Contractor takes out insurance to cover such risks, the Contractor shall bear the cost of such insurance.

13.2 The Contractor shall not invoice the GCA any days on which the Contractor was unable to perform the Services due to illness, leave or any other reason.

ARTICLE 14

Final Provisions

14.1 The Contractor shall sign the GCA's Statement of Acknowledgment in **Annex 1** which forms part of this Contract.

14.2 Amendments to this Contract shall be valid only insofar as they have been explicitly agreed in writing by both the signatories of this Contract, or any of their successors. The persons mentioned in Article 14.8 below, other than authorized representatives/signatories, are not legally representing any of the Parties and cannot amend this Contract verbally or in writing.

14.3 Contractor hereby declares that it has not offered or given GCA staff any benefit in order to obtain this Contract.

14.4 Contractor shall not be entitled to assign or otherwise transfer this Contract nor any of its rights or obligations under this Contract without the prior written consent of the GCA.

- 14.5 If at any time one or more of the provisions of this Contract becomes invalid, illegal or unenforceable under any law, the validity, legality and enforceability of the remaining provisions of this Contract shall not in any way be affected or impaired.
- 14.6 The Contractor and the GCA must always inform each other about:
 - 14.6.1 Possible problems arising in the performance of this Contract;
 - 14.6.2 Relevant changes that can be expected in the relation to the Services or this Contract.
- 14.7 Both Parties consent that this Contract, together with its amendments, may be signed electronically and such electronic signature shall be deemed valid.
- 14.8 The contact persons and contact details regarding the content and delivery of the Services are:
 - For GCA (Technical):** [name], [email], [telephone]
 - For GCA (Contract Management):** Procurement Team, procurement@gca.org
 - For Contractor:** [name], [email], [telephone]

ARTICLE 15

Applicable Law

15.1 This Contract and any agreement resulting from this Contract shall be governed by and construed in accordance with the laws of the Netherlands. Any dispute shall be settled exclusively by the competent courts in the Netherlands.

IN WITNESS WHEREOF, the Parties have, through their authorized representatives, signed this Contract on the date herein below written.

Annex 1 – Statement of Acknowledgment

I acknowledge that I have received a copy of the **Code of Conduct**, which describes the standards of behavior expected by GCA and I agree to act in accord with those standards as a condition of my agreement with GCA.

I have read and understood the **Anti-Fraud Policy**, which describes acts or omissions that are considered as fraud or corruption and that are not permitted by GCA. I agree to act in accord with the Anti-Fraud Policy as a condition of my agreement with GCA.

I also acknowledge that I understand the reporting process for complaints and any suspicions of misconduct, illegal actions, or violations of the Code of Conduct or any other GCA policies and rules. I will use the webform on GCA's website at <https://gca.org/about-us/contact-us/> to report such incidents. In case I encounter difficulties accessing the online complaint form, I will send an email to speakup@gca.org to report integrity violations or to safeguarding@gca.org to report incidents of Sexual Exploitation, Abuse, and Harassment. If I need to report anything urgently, I will call or use WhatsApp to contact the Whistle Officer at **+31 643147051**. I understand that it is my duty to speak up immediately if I witness an incident, suspect an integrity violation, suspect a breach of a policy, feel harassed, or have a complaint regarding GCA or its associated parties or individuals.

I understand that if I have questions at any time about any of these documents, I will consult the GCA contact person or the Human Resources staff for clarification.

Finally, I understand that the contents of the documents may change at any time at the sole discretion of GCA, which relevant changes GCA informs me of. Changes are effective as of the date of their publication.
