Climate Adaptation Investment Pipeline Development in  
Madagascar for Infrastructure, Water, Agriculture, Urban and the  
Blue Economy sectors

**This addendum addresses and/or clarifies the following:**

### Questions & Answers:

**Question 1:** We have identified a potential local partner for the project, with an office and staff in country - however, they are registered as an international NGO (iNGO). Would this arrangement still meet the local partner requirements?

**Response 1:** The Request for Proposals (RfP) specifies that at least one partner must be based in Madagascar, as evidenced by a copy of their statutes or registration documents. If the international NGO can provide documentation demonstrating that their office in Madagascar fulfills this criterion, they will satisfy the requirement.

**All other requirements regarding the Request for Proposal remain the same.**
