Addendum No. 01

GCA-PR-25-806 - Request for Quotation

Videographer/Photographer Services for GCA Youth Program in
Kenya September 2025

This addendum addresses and/or clarifies the following:

Questions & Answers:

Question 1: I just wanted to confirm would you want a multi-camera recording of the full length speakers at either of the events, or just snippets with single camera?

Can I ask where the vents will be happening? Is an event organiser already contracted? I'm just curious about lighting and things to understand what we may need to bring.

Response 1: For the Academy (30th-5th) single camera is needed, on the afternoon of the 5th there will be a Youth Forum where multi-camera might be needed for a segment of the event. This will be confirmed closer to the time.

The events will take place at Kenya School of Government. We do not have an event organizer but will be working with KSG to deliver the events.

All other requirements regarding the Request for Quotation remain the same.
